STRIKE QUESTION STILL HANGS FIRE

United States to Be Strongest Military Nation the World Has Ever Known

NATIONAL DEFENSE BILL SEES REPUBLICANS AND DEMOCRATS JOIN HANDS

Congress Accepts the Senate Increase Program With Thirty-five of the Fifty-one Voting in the Negative Numbered Among the Democrats—Measure Declared a Model.

TO BE SECOND LARGEST NAVY IN WORLD

Of the 157 War Vessels Authorized to Be Built Within the Next Three Years, Four Will Be Battle Cruisers and Four Battleships to Be Constructed During 1917 With Others Following in Quick Succession.

Washington, Aug. 15.—Congress virtually completed the national defense program tonight by finally passing the increase in government construction and personnel written into the bill and urgently supported by the administration.

The house accepted the building program to which its conferees on the measure had refused to agree by a vote of 233 to 51 with seven members present not voting. The personnel increase on which there also was a disagreement in conference was approved with a record vote.

74,700 MEN.
157 WAR VESSELS.

The personnel and construction sections which already have the approval of the senate, authorize an increase in enlisted men to 74,700 and the building of 157 war vessels within the next three years with four battle cruisers and four battleships included among the ships for 1917. Previously the house had refused to adopt a continuing building program, had authorized only five capital ships, all of them battle cruisers, and had provided for a personnel of only 65,000.

On several less important sections, including appropriations for improvement of navy yards, the house insisted on its disagreement to senate increases and voted to send the bill back to conference for settlement of these points. An early agreement is expected, however, and the measure may be sent to the president for his signature within a week.

SECOND LARGEST NAVY IN WORLD.

Secretary Daniels issued a statement tonight pointing out that the building authorizations in the bill were the greatest ever passed in any country and would give the United States, in the opinion of naval authorities, the second largest navy in the world. He declared the measure "so complete and nearly perfect that it will stand as a model for all navy bills for future legislatures." The vote by the house, which accepted the senate increased program in the building program, was non-partisan tonight, the majority of both democrats and republicans voting in the affirmative. Of the fifty-one members who voted in the negative,

THE DAY IN CONGRESS.

Senate.
Adopted resolution calling for battleship target practice records of 1916.
Resumed debate on shipping bill.
Finance committee met to consider finance bill as approved by democratic caucus.
Adopted resolution appropriating \$100,000 for relief of the flood sufferers in West Virginia.
Adjourned at 6:04 p. m. until noon Wednesday.

House.
Concurred in senate building provision of naval bill, 283 to 51, and senate personnel provision by viva voce vote; disagreed to senate amendment for navy yard improvements and sent bill back to conference.
Adopted resolution including West Virginia flood sufferers in distribution of recent \$500,000, 600 southern relief appropriation.
Chairman Webb of judiciary committee filed report favoring bill to permit organization of co-operative selling agencies for foreign trade.
Adjourned at 5:47 p. m. until 11 a. m. Friday.

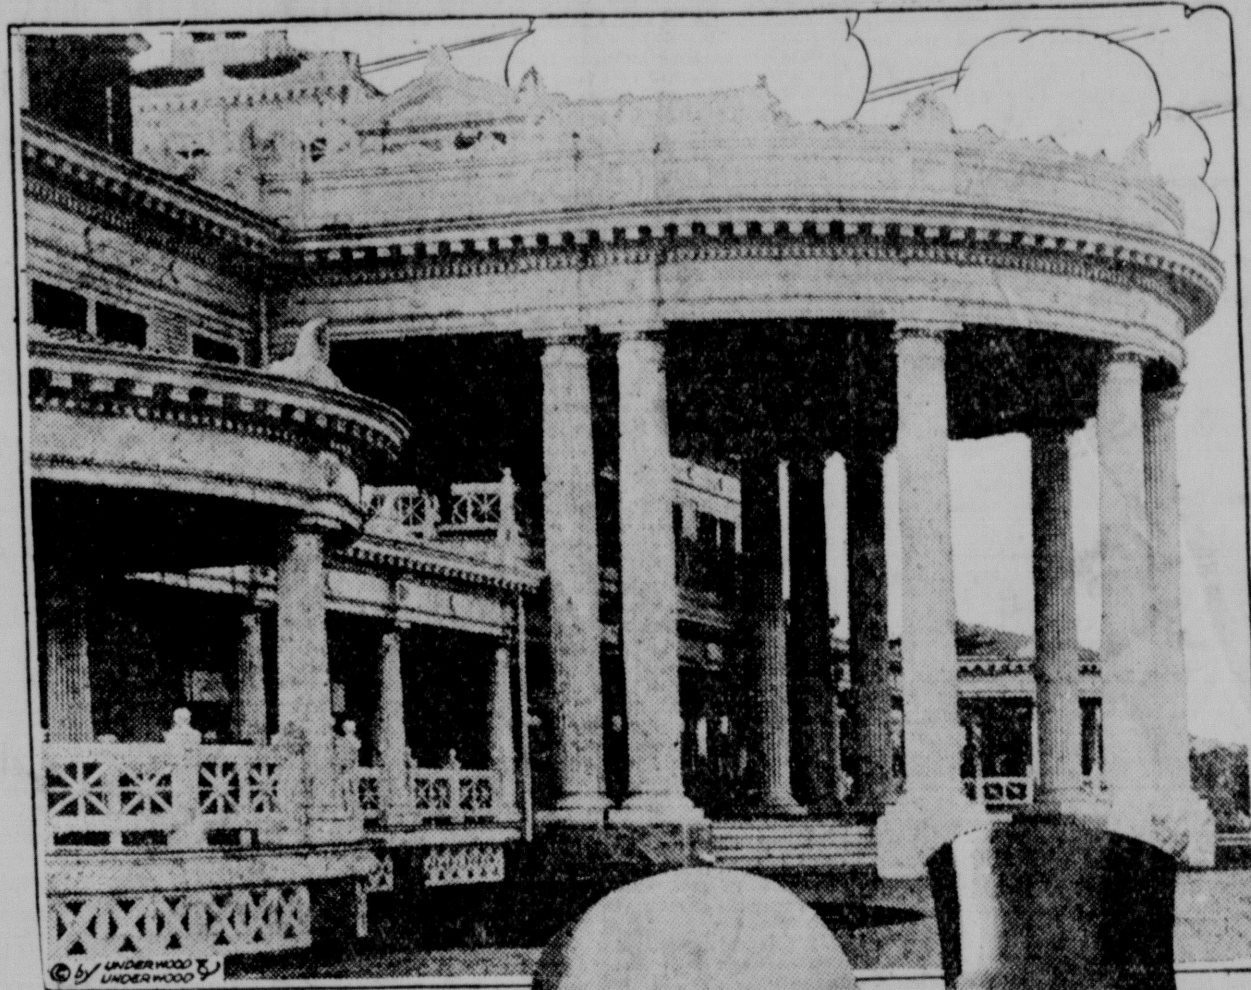

there were thirty-five democrats, fifteen republicans and one socialist.

DEMOCRATS VOTING NAY.

Democrats—Ayres, Bailey, Black, Blackmon, Buchanan of Illinois, Burnett, Connolly, Cox, Dies, Doolittle, Garrett, Gray, Harding, Helvering, Hillard, Huddleston, Johnson of Kentucky, Kitchin, McClintic, Page of North Carolina, Randall, Shallenberger, Shouse, Sisson, Slayden, Steele of Iowa, Taggart, Tamm, Taylor of Arkansas, Thomas, Thompson, Tillman, Van Dyke, Watson and Webb.
Republicans—Anderson, Campbell.

President Wilson to Hear That He Is Nominated at His Home in New Jersey Early in September

Porch of Wilson's summer home; Senator Ollie James; President Wilson.

Senator Ollie James of Kentucky will notify President Wilson of his nomination at Shadowlawn, the president's summer home, early next month. Features in the president's address which will be most strongly put forth, include:

The policy toward Mexico and South American republics; plans for continuing industrial preparedness to meet the economic situation after the war; the course of the administration in maintaining peace; a resume of the legislation passed by a Democratic congress; what the administration offers labor.

JABLONITZA FALLS BEFORE RUSSIAN SOUTHERN ARMY

FIRST NEWS OF ADVANCE IN THAT SECTION SINCE CONQUEST OF BUKOWINA—ITALIANS CONTINUE ADVANCE ON CAIRO PLATEAU WHILE AUSTRIANS REPORT REPULSE OF ITALIANS EAST OF GORIZIA.

The Russians have captured Jablonitza, one of the principal gateways from Galicia to the Hungarian plains, and Petrograd reports that their offensive in this direction is continuing. This is the first news of an advance by the Russian southern army since the conquest of the Austrian crownland of Bukovina was completed.

Farther to the north the Russians are continuing their driving operations against the Austrians with apparently uninterrupted successes. Their troops are pouring across the Zlota Lipa at several points in spite of desperate resistance on the part of the Teutonic forces. Fierce fighting is being waged along the entire line south of Brody and General Brusiloff apparently is making a supreme effort to cut the army of General von Bothmer and force its surrender.

ITALIANS HOLD INTEREST.

As far as the other theatres of war are concerned, main interest centers in the main Italian operations. No important action being reported on either the British or French fronts. The Italians are vigorously pressing their advance on the Carso plateau and Rome reports the capture of several sections of the Austrian trenches and the taking of more than 1600 prisoners. Unofficial dispatches from Italian sources claim General Cadorna now is within thirteen miles of Trieste and that the Austrian fleet has left the harbor.

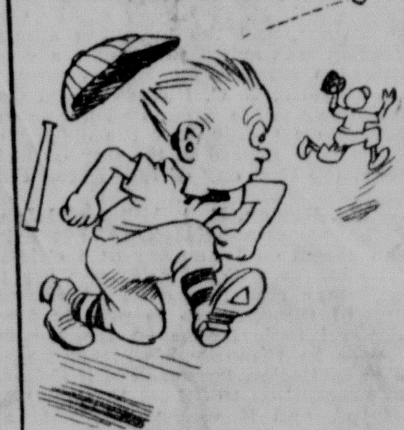

AUSTRIANS CLAIM ITALIANS REPULSED.

The Austrian official statements reports the repulse of Italian attacks in the Vipacco valley, about eighteen miles east of Gorizia, but the official statements from both sides are very

TODAY'S WEATHER.

IM TH' WARMEST MEMBER OF OUR TEAM—SO THEY CALL ME AUGUST.

VOLUNTARY FORECAST.

By Isidor Block, D. O. S., F. R. Met. S., Optician and Meteorologist.

Today partly cloudy with a probability of scattered showers.

The low pressure has moved considerably eastward, being centered yesterday over the Missouri, causing a rain of 4.74 inches at St. Louis, and at Texarkana, Ark., a fall of 2.76. Another low is moving over the Rockies, and in all probability will cause partly cloudy weather, causing local showers.

Local Readings.

Readings for yesterday: Maximum temperature 94 at 4 p. m., minimum 75 at 6 a. m., barometer 29.55, humidity 59, wind passage 237 miles, with the fastest 32 miles an hour at 5:26 p. m.

Government Forecast.

Washington, Aug. 15.—Louisiana, Oklahoma and East Texas—Wednesday and Thursday generally fair.

West Texas—Wednesday and Thursday partly cloudy.

Arkansas—Wednesday and Thursday partly cloudy.

Trying to Deliver Milk.

St. Louis, Aug. 15.—Efforts will be made Wednesday morning by the nine dairies effected by the strike and lock-out of union milk wagon drivers to make deliveries on some of the regular routes. Policemen will ride on each wagon.

WOULD NOT SHRINK FROM WAR IN ENFORCING RIGHTS

CANDIDATE HUGHES DECLARES HE WANTS DEMOCRATIC PLATFORM OF 1912 DECLARING FOR PROTECTION OF AMERICAN RIGHTS ABROAD MADE REAL.

Tacoma, Wash., Aug. 15.—Charles E. Hughes told an audience in Tacoma's stadium today that he would not shrink from war in enforcing American rights abroad.

Mr. Hughes read the democratic platform of 1912 declaring for protection of American rights abroad.

"I want that made real," the nominee said. "I do not think in making that real that we encounter the danger of war. I would not shrink from it if we did, in performing the nation's duty."

Mr. Hughes confined his remarks almost wholly to what he termed the need for a protective tariff.

"I propose a wise tariff without abuses," he said, "but frankly a tariff to build up and maintain American industries."

Mr. Hughes reviewed American tariff legislation and the American platform plank of 1912 relating to the tariff.

"Our opponents said they would reduce the cost of living," he said, "but hold the result."

GASOLINE DROPS ONE CENT TODAY

St. Louis, Aug. 15.—Reduction of 1c in the price of gasoline will go into effect tomorrow morning at the Standard Oil company's twelve automobile filling stations in St. Louis.

The price of gasoline was 17.9c a gallon at the Standard stations tonight. Oil dealers say that the reduction is due to the steady decline in the price of crude oil in the last month.

HOPE OF ARBITRATION BETWEEN EMPLOYEES AND RAILROADS IS ALL GONE

Pessimism Pervades Administration Officials Because of Complete Failure of President Wilson to Bring About Basis of Agreement Satisfactory to Both Contending Factors.

RAILROADS MAY CONCEDE 8-HOUR DAY

Suggested With That Principle Determined Both Sides May Settle Collateral Issued by Some Undetermined Form of Negotiation But Managers Are Firm in Opposition to Concession Without Other Issues.

Washington, Aug. 15.—President Wilson's efforts to bring the railroad managers and the brotherhood leaders tonight in some form of settlement of the differences which threaten a nation-wide railway strike after two days of conferences has progressed only to the point where a ground work for further negotiations has been laid.

Hope of arbitration of all issues waned today but the situation was brightened by the possibility of a settlement being reached by the railroads conceding the principle of the eight-hour day and both sides settling collateral issues by some form of negotiation as yet undetermined.

After conferring with President Wilson tonight the employees' sub-committee sent to New York for the 640 members of the general committee to come to Washington in order to facilitate negotiations. They are expected here Thursday and probably will see the president Friday. The managers' committee will confer with him again tomorrow.

When it became clear today that arbitration of the entire problem entirely never would be agreed, but that the railroads might concede the principle of the eight-hour day and dispose of other issues by some form of negotiation the president directed his energy toward obtaining expressions from both sides on how negotiations could be carried on. Direct conferences and inquiry by an investigating committee were sought and the president indicated his willingness to appoint such a commission himself.

PRESIDENT MAKES SOME PROGRESS.

When it became clear today that arbitration of the entire problem entirely never would be agreed, but that the railroads might concede the principle of the eight-hour day and dispose of other issues by some form of negotiation the president directed his energy toward obtaining expressions from both sides on how negotiations could be carried on. Direct conferences and inquiry by an investigating committee were sought and the president indicated his willingness to appoint such a commission himself.

MAY CONCEDE EIGHT-HOUR DAY.

It was understood that the employees' representatives offered no suggestions on this feature of the situation. The railroads were reported to be ready to

ALL ORDERED TO WASHINGTON.

Garretson, grand chief of the Brotherhood of Railway Conductors, to report to him in Washington tomorrow and to instruct the 640 members of the general committee now in this city to do likewise.

concede the principle of the eight-hour day on condition that all collateral issues be thoroughly investigated by the interstate commerce commission or some other body. Administration officials refused to predict tonight what the outcome would be. The white house conferences will be continued tomorrow but it was not believed a crisis would be reached before Thursday.

The decision to send to New York for the general committee of railway employees was reached because the sub-committee here is without power to reach important decisions without reference to the men in New York. At first it was suggested that the committee here go to New York but the president thought it would be better to have the general committee come here. He wanted an opportunity to explain to all the members any suggestions which may be made tomorrow or Thursday by the managers' committee.

DISAPPOINTMENT FELT YESTERDAY.

For a time today there was pronounced pessimism among administration officials because of the complete failure of efforts to bring about an agreement on any form of arbitration. A suggestion of investigation by commission then was brought forward and its reception aroused new hope that a satisfactory solution might be found.

President Wilson devoted most of the

Villa's Personal Band Engages in Battle Three Times Suffering Defeats

Chihuahua, Mex., Aug. 15.—Gen. Matias Ramos reported to Gen. Trevino from Escalon, Chihuahua, today that he had given battle three times to Villa's personal band during the two days previous, inflicting sharp defeats each time.

The first skirmish was with a scouting party of eight Villa followers, of whom Ramos killed five. This took place on the Laguna ranch, twenty-five miles west of Escalon. Continuing his advance, Ramos ran on an advance force of fifty bandits who were routed, leaving their dead behind and escaping in the dark.

The next morning, dust clouds being seen in the distance, Ramos gave chase and scattered a large band which lost

twenty dead and a number of prisoners. Among the captives was a colonel who asserted that Villa personally was directing the attack from a safe distance. This officer gave up some documents that revealed the names of citizens supporting Villa.

Ramos had altogether eight men wounded and a captain killed. His information is that Villa maintains his headquarters at San Juan Bautista, this region, and has less than 400 followers, all told.

Three more arrests in Chihuahua City today in connection with the plot attributed to Legallistas, resulted in a priest named Jose Arriola, Jesus Carrera, formerly a Villa colonel, and Frederick Corral, a citizen, being incarcerated.

In the last week, it was learned today. The prisoners, residents of Juarez and soldiers of the garrison, will be tried by courtmartial and if found guilty will be executed, it was announced.

Nineteen Mexicans Charged With Treason Face Trial

El Paso, Tex., Aug. 15.—Nineteen Mexicans charged with treason as a result of the recent discovery of revolutionary cabals in Juarez, have been sent to Chihuahua City for trial with-

ern Methodist church, who for eleven years had charge of mission work in China.

Illinois Governor Praises "Eight Cents" Banquet Given in His Honor at Camp Wilson

San Antonio, Aug. 15.—"That was one of the finest meals I ever ate," said Governor Edward F. Dunne of Illinois, at the conclusion of what was called an eight cents banquet given in his honor by the men of the First Illinois at Camp Wilson this afternoon.

The governor lined up with a company of soldiers, mess kit in hand, and had ladled out to him a meal costing eight and one-half cents. He sat down with the soldiers and dined. He declared his purpose was two-fold: To dine with the men from his state in good fellowship and to learn by experience just what the soldiers in camp have to eat.

The only unusual feature of the meal was the printed menu. It included the following: "knew as 'government straight'—Beef, roast leg of lamb and onion dressing, sweet potatoes, egg plant in cream butter, iced orange juice, fruits and cold tea, sugared, white bread, creamery butter, toasted crackers, cubes of cream cheese, salt."

The government allows each man 9.23 cents for each meal. The soldiers made a record for Governor Dunne's edification and the meal cost only 8 1-2 cents.

Discussing "the claims of China upon the United States," Bishop Lewis declared the people of this country must reckon with the Chinese people. "They are the most ancient," said Bishop Lewis, "the most unconquerable, the most prolific people in the world and they are destined to play a great part in the world's history."

The fourth triennial conference of the laymen's movement of the Methodist Episcopal church, South, convened at Lake Jusu-laka tonight, near Waynesville. Lay and clerical delegates representing thirteen states from Maryland to Texas, were in attendance.

John R. Pepper of Memphis, president of the movement, introduced Bishop Wilson S. Lewis of the North-

The government shows each man 9.23 cents for each meal. The soldiers made a record for Governor Dunne's education and the meal cost only 8 1/2 cents.

Asheville, S. C., Aug. 15.—The fourth triennial conference of the laymen's movement of the Methodist Episcopal church, South, convened at Lake Junaluska tonight, near Waynesville. Lay and clerical delegates representing thirteen states, from Maryland to Texas, were in attendance.

John R. Pepper of Memphis, president of the movement, introduced Bishop Wilson S. Lewis of the North-

ern Methodist church, who for eleven years had charge of mission work in China.

Discussing "the claims of China upon the United States," Bishop Lewis declared the people of this country must reckon with the Chinese people. "They are the most ancient," said Bishop Lewis, "the most unconquerable, the most prolific people in the world and they are destined to play a great part in the world's history."

ANTI-LYNCH LAW IS BEING ENACTED IN GEORGIA TODAY

PROVIDES GOVERNOR MAY INSTANTLY REMOVE SHERIFF OF ANY COUNTY IN WHICH A LYNCHING TAKES PLACE—LEGISLATURE FINISHES REGULAR SESSION.

Atlanta, Ga., Aug. 15.—The annual session of the Georgia legislature which tomorrow finishes the fifty days' work provided by law, has been featured by lack of passage of bills of more than local interest.

Tomorrow the legislators have planned to take up a house bill providing that state banks may subscribe to stock of and become members of the federal reserve system. "The anti-lynch" law and a bill to permit alcohol to be shipped into Georgia for manufacturing purposes. The prohibition law that went into effect May 1, last, prohibits the railroads from carrying alcohol into the state in large quantities.

The "anti-lynch" law was passed the house after a hard fight, and provides that the governor may remove instantly the sheriff of any county in which a lynching takes place. In debate on this bill it was charged that in many instances sheriffs did not go the full limit in protecting prisoners, for political reasons. Both those for and against the bill believe they will win if it is brought to a vote in the senate tomorrow.

HOPE OF ARBITRATION BETWEEN EMPLOYEES AND RAILROADS IS ALL GONE

CONTINUED FROM PAGE ONE.

day to conferences with the managers and employees.

EIGHT-HOUR DAY TO COST \$100,000,000

Much of the discussion at the conferences today revolved about the people of the eight-hour day. The managers asserted that putting the eight-hour day into effect would cost them \$100,000,000 a year but the representatives of the employees reduced this estimate to \$20,000,000 a year.

The president sought to find the basis for the opposition of the railroads to the eight-hour day by asking whether the managers did not believe it inevitable at some time.

The managers were firm in their position to its adoption unless other collateral issues were taken up.

In spite of the long series of conferences yesterday discussion of the situation between the white house at 9 o'clock this morning and lasted almost continuously until 5 o'clock this afternoon.

Both the managers and employees were fagged out by the long conferences but said they would meet at the president's call as long as there was any possibility of settlement.

Anti-Trust Suits Filed Against Chicago Packers

Washington, Aug. 15.—Formal complaint charging Swift & Co., Armour & Co., Cudahy & Co., Morris & Co., and other meat packers with violation of the anti-trust laws and engaging in unfair business methods and monopolistic practices, was filed today with the federal trade commission by representative Doolittle of Kansas. A prompt and thorough investigation of the livestock industry was asked.

Representative Doolittle filed the complaint, he said, on his own responsibility in an effort to have at least a preliminary investigation by the commission. Supporting his charges, he filed a copy of testimony taken by the house judiciary committee on the Borland resolution proposing investigation by the commission.

Washington, Aug. 15.—The third man originally selected by President Wilson to serve with Secretary Lane and Justice Brandeis on the commission to compose border troubles has declined to serve, it became known today. Brandeis also has declined and the president is understood to be considering a long list of available men for appointment in the two places. The name of the third man among the original selection never has been divulged.

Miners' Strike Not Imminent

Kansas City, Mo., Aug. 15.—Activities in the conference here between miners and operators attempting to settle a two years' working contract were confined today and tonight to enunciations by both sides, the outcome of which were not revealed. Reliable but unofficial information given out by the operators, however, indicated the situation was such that the calling of a strike was not imminent and that two of three districts already had expressed willingness to meet all terms. Miners tonight would neither affirm nor deny the statement.

GIRLS HONOR GUARD ENJOYING CAMP LIFE

SLEEP OUTDOORS FIRST NIGHT BECAUSE TENTS FAIL TO ARRIVE.

All Details of Routine Life Under Military Discipline With Few Men Present.

Fort Worth, Aug. 15.—There was great rejoicing in the Girls Honor Guard camp this afternoon when the tents were put up. Most of the fair young things slept last night in the open on cots because the tents failed to arrive. The company's number was augmented this morning by the arrival of six additional recruits.

The camp is governed by strictly military discipline. Girls who come to the encampment with the idea that it was to be a frolic are already disappointed. A few "rookies" came in this morning and were met and escorted to the camp by officers.

Two flags, one of the Texas republic and the other of the United States, have been placed in the center of the camp. At 6 o'clock Monday evening the flags were raised for the first time and were saluted by all in camp.

"Here man," said a very little welcome at the camp. Aside from Lieutenant Henderson, Quartermaster Tillman, several life-savers and a reporter, the entire camp is of "feminine gender."

After meeting at the Westbrook Monday morning, the girls carrying their blanket rolls, mess kits and other camping outfit which they were requested to have, according to orders issued by Colonel Kate Lehane, started for Camp Taylor in automobiles.

First arrivals at the camp are as follows: Fort Worth—Misses Kate Lehane, Josephine Lehane, Francis McEwee, Mary Tyra, Nell McKeehan, Alice Golsen, Burmah Pressley, Ruby Lee, Mable Curtis, Mary Byrnes, Fern Williams, Pearl Massey, Louise McLendon, Mary Suggs, Elsie Connor, Winnie Spear, Ethel Edwards, Neleide, Gladys Nebbett, Bernice Nebbett, Rosa Tillman, Ethel Pharr, Lota Pharr, Ella Law, Bernice Law, Maude Estes.

Bonham—Bess Saunders, Tompico, Mexico—Mrs. Mary T. Fagan, Tyler—Lucy Morris, Houston—Dorothy Robbins, Denison—Glenna Carfax, Ella Baker, Austin—Fannie Sheve, El Paso—Nadine Wiseman, Dallas—Bess Whitehead, Eugene Hobbs, Josephine Gambrell, Sibbie Norton, Nichols, W. Nichols, Estelle Maher, Gertrude Jacoby, Lily Maude David, Isabelle Neill, Florence White, Mrs. Elizabeth Wofford, Lois Upshaw, Mrs. E. D. Ballington.

Amarillo—Cornelia Roquemore, Madeline Kendrick, Reba Feather, Sophia Meyer, Ellen Harvey, Gertrude Landolt, Ruth Sears, Mildred White, Gladys Shanley, Ruth Berry.

Waco—Virginia Lazenby, Ruth Lazenby, Lillian Wolfe, Catherine Stratton, Lucy Lazenby, Marlin—Mildred Fink, Wichita Falls—Alice Burnside, Helen Stone, Genevieve Carver, Lucille Henderson, Geneva Filgo.

Eagle Pass—Inez Laragoza, Lula Tarver, Alice Mae Bonnell, Lula De Bona, San Antonio—Mrs. Dudley Edendorough, Bryan—Katherine Bayette.

Three more, Misses Charlotte Johnson, Annie Keeling and Mary Simmons, are coming Tuesday, as will also Miss Aileen Carpenter of Greenville.

Simmons, from Wichita Falls will arrive Thursday.

meagre and leave the general situation vague. Press dispatches from Genoa declare that the Italians, considered one of the formidable barriers between the Italians and Trieste, is being evacuated by the Austrians and that the Italians are already in the suburbs of the town.

BRITISH GAIN GERMAN TRENCHES. The Germans admit that the British have gained a foothold in the trenches on the Tysse-Pozieres front, and report the repulse of violent attacks by the British and French in other sectors of the Somme line. According to Paris and London, they passed without any event of significance.

Another report of fighting on the Balkans comes from the Berlin war office, which states that a small engagement occurred south of lake Dolran. There have been several reports of fighting in this theatre recently and all have come from German or Bulgarian sources.

Right Arm Broken; Suffered Intensely. Fred Williams, the young man who was injured at the filtration plant of the Waco city waterworks, was feeling well last night, though the injury to his right arm was quite serious. It was broken in two places and it was necessary to place him under the influence of anaesthetics in order to set the injured member.

He is at Providence sanitarium, where Secretary-Manager E. L. Fulkerson of the Waco city waterworks thought it best to take him immediately in order that he might receive the best attention. Williams came running out of the engine room, crying out that he had been injured, but up to last night did not state how it happened, as he was placed under the anaesthetics almost immediately after the accident and did not come out from under the influence of same for awhile. He came to Waco from Roschid.

Mrs. Sam Schwarz Dies. Mrs. B. Alexander received the sad intelligence last evening that her sister, Mrs. Sam Schwarz, of Hempstead, died. Funeral arrangements had not been made last night at a late hour, but will be announced later.

EVERY COMPLEXION BLEMISH BANISHED in three days—Eczema, Itch, Sunburn, (Itches) did it and we can prove it—Success guaranteed in every case—your money refunded. Sold by W. B. Morrison's Drug Co., Powers-Kelly Drug Co., Procter & Gamble Drug Co., and all leading dealers.

Y. M. C. E. L. DIRECTORS HAVE BUSY SESSION

HON. ED. R. KONE SPEAKS IN APPRECIATION OF LEAGUE'S WORK.

Work of Evening Is of a Constructive Character, Looking to New Achievements.

The directors' meeting of the Y. M. C. E. L. held a session last night that was constructive in its nature. Various committees were heard from in reports of progress, and some vital measures were considered. John F. Wyche, chairman of the convention committee, reported that the Palace Convention of Texas, which recently met at Houston, had been secured for Waco for August, 1917. He also reported that the Texas Nurserymen's Association of Texas would meet here September 22-27, 1916.

F. E. Goodman, chairman of the agricultural committee, brought to the attention of the directors the plan providing for the awarding of prizes to farmers of McLennan county who would bring to the Cotton Palace the best exhibit of farm products, and that some form of publicity be given the movement to stimulate interest among the farmers and to make for this year's Cotton Palace the best agricultural exhibit ever shown in the state.

President Duncan will address a letter to the president of the Waco Clearing House association, asking the cooperation of the association in securing the Federal Farm Loan bank for Waco.

HON. ED. R. KONE SPEAKS TO DIRECTORS.

Hon. Ed. R. Kone of the state department of agriculture, was asked to the meeting and made a short but very practical address to the directors. Mr. Kone stated that the league had worked hand in hand with the department of agriculture, that it had really been an auxiliary to that department. He said: "I believe selfishness is a bane to humanity. A man should take himself out of himself and give himself to the task of serving his community." He declared he always read with deep interest of the work of the league. He said, in speaking of the work of the agricultural department, that it had accomplished much by setting object lessons before the boys and girls of Texas, who are between the ages of ten and sixteen years, the extent of raising from twenty to thirty bushels of corn to the acre, they are now raising from 100 to 150 bushels. "And Waco has been proven in the corn belt."

He spoke with reference to farmers' organizations, declaring that they had not succeeded because politicians had gone among the members of the agricultural department, to provide the farmer with the city man, to provide the farmer with the city man, to provide the farmer with the city man, to provide the farmer with the city man.

Mr. Kone wants McLennan county to arrange an agricultural exhibit to be displayed in the state capitol at Austin, explaining that several counties of the state are such exhibits. He told of display of by-products, which were 25 in number, proving, as Mr. Kone says, that "cotton is the greatest plant known to man."

MANY COMMITTEES ARE APPOINTED. A committee was chosen to work with the city and the Cotton Palace directors in securing a properly equipped and maintained zoo. In this connection F. E. Goodman read a letter from northern and eastern concerns giving prices on all manner of animals for the zoo. The committee will endeavor to get the people of Waco to donate animals for this place of interest.

A committee was appointed to appear before the Good Roads congress, to secure the Second battalion of the Third Texas infantry for the coming Cotton Palace.

For the purpose of launching a movement for opening the streets of Waco through the long blocks, the following committee was appointed: D. E. Hirschfield, Dr. C. P. Schenck, E. J. Miller, J. W. Carlin and Geo. C. Robinson.

Monday, November 13, was designated as Y. M. C. E. L. day at the Cotton Palace, and the incoming administration was asked to appoint a committee to arrange for the program.

L. E. Bann, E. C. Blomeyer and Guy McNamara were appointed to secure business houses in the city on Saturday, the first day of the Cotton Palace.

W. W. Naman, E. A. Miller and John Wyche were appointed to get the town closed on Waco day at 1 o'clock.

The league will offer its services to the Rotary club in securing Governor Dunn of Illinois, who is now reviewing the Illinois troops on the border, to speak in Waco on his return home.

The invitation from the Hill County Fair association to attend the fair was accepted, and it was voted that the incoming directors arrange to have a large number attend the fair.

MAY INVESTIGATE BREAD SITUATION

Chicago, Aug. 15.—No definite action looking to the proposed investigation of the wheat and flour situation was reached at the conference here today between Edward N. Hurley, chairman of the federal trade commission, and the United States district Charles E. Smith.

Assigned to the district attorney all data he had in hand with reference to the bread situation and proposed increase in the price of bakery goods.

After the conference Chairman Hurley prepared to leave Chicago to make an investigation, it is said, in other cities, but would return here probably next week when he will meet the bakers and deal with them the cost of their products.

Rains Relieve Heat in Kansas

Topeka, Kans., Aug. 15.—A cool breeze from the north and rains in several sections in the state brought relief in Kansas from the extreme heat prevailing. Temperatures averaged near twenty degrees lower than those of yesterday, which in a number of places fell well above the 100 degree mark. Good rains were reported from Arkansas City, Salina and other points.

PARDON BOARD MAY EXAMINE SKELETONS

MAN CONVICTED ON CIRCUMSTANTIAL EVIDENCE OF KILLING WIFE AND CHILD.

Declares Skeletons Found Year Later to Be of Indians and Not of His Family.

Montgomery, Ala., Aug. 15.—Asking his freedom on the ground that the skeletons exhibited at his trial were those of Indians and not those of his wife and child, Will Wilson today sent the skeletons to the pardon board and asked for an investigation.

Wilson was convicted on circumstantial evidence. He had ordered his wife never to appear at his home again, evidence at the trial being that she was her child but was never seen afterward. A year later two skeletons were found buried a mile from the Wilson home and Wilson was sentenced to life imprisonment.

NATIONAL DEFENSE BILL SEES REPUBLICANS AND DEMOCRATS JOIN HANDS

CONTINUED FROM PAGE ONE.

Republicans and Democrats join hands in support of the bill. During the debate on the bill the republicans insisted that they led the way toward the increase and that the administration was not entitled to all the credit. The time allotted opponents for the big program was controlled by Democratic Leader Kitchin, who charged the democrats with a sharp change of front.

"Two months ago, the democrats, urged by the administration, were asked to vote against the bill, and the republicans, said Mr. Kitchin, 'I denounced the republican program chairman of the committee, the secretary of the navy, the president and fellow democrats ask me to get up here and meet my words.'

GREATEST MILITARY NATION. "If the program passes the congress and is signed by the president this nation will be the greatest military nation the world has ever seen. And yet they say we are sane and patriotic."

Republican Leader Mann, advocating the increase, declared it was ordinary wisdom to prepare for "what we hope will never come."

"I want to keep out of war," he said, "but we should be prepared to protect our rights at home and abroad. The credit will belong to the republicans for the votes that will pass this larger program."

The defense program which approval of the bill by the house virtually completed, has the most important achievement of the session and has involved appropriations aggregating \$661,418,000. In addition to the navy bill it included reorganization of the regular army and national guard.

For maintenance of the reorganized army and militia and supplies and equipment congress appropriated \$267,597,000.

Congress also provided for the creation of a council for national defense, composed of cabinet officials and citizen experts, to co-ordinate the military, industrial and natural resources of the country in time of war.

LETTERS FROM THE PEOPLE.

The Senatorial Run-off.

Editor Waco News: In the senatorial run-off the prohibition vote, more than 150,000 in number, is the mark stake to be played for.

The anti vote is, in the main, already attached to one or the other of the candidates. Especially because Senator Culberson is not identified by the minds of the people with the liquor traffic, as is his opponent, and also for other reasons, I believe that 95 per cent of those prohibitionists who voted for one of the prohibition candidates for United States senator feel inclined to vote for Mr. Culberson. But, while this is true, there is an absence of that enthusiasm among them which the campaign of Brooks or Campbell would have inspired, and with a large number of them the pending race between two anti-prohibitionists is a matter of indifference.

Neither of the two candidates can afford to treat the prohibition vote as already tied to him. If the conduct of Mr. Culberson's anti-prohibition supporters and leaders in the Dallas county convention expresses the senator's attitude toward prohibitionists and submissionists, there may be a revision of sentiment among these latter. We may as well be candid and speak the truth. A murmur of discontent, not to say resentment, has been heard among the prohibitionists on account of the proceedings of the Dallas county convention, that is, at the treatment received by submissionists at the hands of that body.

For, be it remembered that Dallas is the home of Senator Culberson. That the said convention was controlled by his friends and its proceedings were directed, according to a prearranged plan, by a floor manager, who is the man at the head of Mr. Culberson's campaign, carried Dallas county, but Campbell and Brooks received large votes and were first and second in the running. That submission carried in that county by nearly 1,200 votes. Yet the friends of Brooks or Campbell would have denied to submission any sort of recognition. The Brooks and Campbell sentiment was ignored or flouted. A long list of delegates to the state convention was selected, with only one submission democrat among them, and he tied up the unit rule. One of the most distinguished and brilliant democrats in Texas, who

Quality First

PAY A LITTLE MORE AND GET A LOT MORE

Don't put a mortgage on your judgment in buying a car.

There's many a man in this county who paid too low a price for his car—and lived to regret the day.

I am not saying anything against low-priced cars. There are a number of good ones. They do the job well.

I am trying to get people to get a bird's-eye view of the motor car situation instead of a worm's-eye view.

Sometimes by paying a hundred or two hundred more you get \$500 extra value.

I refer now to the 1917 3400 r. p. m. Chalmers. Here's a car that has been run more than 1,000,000 miles in the hands of owners, yet attained a service record of 99.21% perfect.

That is the mark of a great car. And though it costs, possibly, a little more than you ever paid for a car before—remember that extra little sum gets you from the zone of a fair car to the zone of a great car.

It is not only money in your pocket in the long run, but pride everywhere you drive. There's a pleasant and interesting satisfaction in driving a regular car.

Price \$1090 Detroit—really a \$1400 value.

chances to be a prohibitionist and was submission democrats are attempted to be robbed of a well earned victory and are not given a square deal in the Houston convention, they will be able to locate the blame, and I think I do not mistake the temper of the rank and file of submission democrats when I say that they will visit their resentment upon the candidates whose friends are responsible for such injustice.

For my part I hold President Wilson in the highest esteem and am in hearty accord with the democratic administration, and believing as I do that Senator Culberson is more in harmony with these sentiments than is his opponent, I have a very decided preference for Mr. Culberson, and have so expressed myself. But if the sponsors of Mr. Culberson's candidacy are more intent upon serving and protecting the liquor interests than upon promoting his candidacy or the president's, or the interest of the national democratic party, why should prohibitionists worry? Children Cry FOR FLETCHER'S CASTORIA

ANTI-LYNCH LAW IS BEING ENACTED IN GEORGIA TODAY

PROVIDES GOVERNOR MAY INSTANTLY REMOVE SHERIFF OF ANY COUNTY IN WHICH A LYNCHING TAKES PLACE—LEGISLATURE FINISHES REGULAR SESSION.

Atlanta, Ga., Aug. 15.—The annual session of the Georgia legislature which tomorrow finishes the fifty days' work provided by law, has been featured by lack of passage of bills of more than local interest.

Tomorrow the legislators have planned to take up a house bill providing that state banks may subscribe to stock of and become members of the federal reserve system. The anti-lynch law and a bill to permit alcohol to be shipped into Georgia for manufacturing purposes. The prohibition law that went into effect May 1, last, prohibits the railroads from carrying alcohol into the state in large quantities.

The anti-lynch law was passed the house after a hard fight, and provides that the governor may remove instantly the sheriff of any county in which a lynching takes place. In debate on this bill it was charged that in many instances sheriffs did not go the full limit in protecting prisoners, for political reasons. Both those for and against the bill believe they will win if it is brought to a vote in the senate tomorrow.

HOPE OF ARBITRATION BETWEEN EMPLOYEES AND RAILROADS IS ALL GONE

CONTINUED FROM PAGE ONE.

day to conferences with the managers and employees.

EIGHT-HOUR DAY TO COST \$100,000,000.

Much of the discussion at the conferences today revolved about the people of the eight-hour day. The managers asserted that putting the eight-hour day into effect would cost them \$100,000,000 a year but the representatives of the employees reduced this estimate to \$20,000,000 a year.

The president sought to find the basis for the opposition of the railroads to the eight-hour day by asking whether the managers did not believe it inevitable at some time. The managers were firm in their opposition to its adoption until other collateral issues were taken up.

In spite of the long series of conferences yesterday discussion of the situation began at the white house at 9 o'clock this morning and lasted continuously until 5 o'clock this afternoon.

Both the managers and employees were fagged out by the long conferences but said they would meet at the president's call as long as there was any possibility of settlement.

CARTER LEAVES FOR NEW YORK.

N. S. Carter of the Brotherhood of Railway Men and Engineers, and one of the sub-committee that has been conferring with President Wilson, left for New York late tonight to lay the situation before the committee of four. It was said that despite the request that the full committee come to Washington some leaders believed Carter's conference in New York tomorrow might make it unnecessary for the other committee members to be called into the conferences here.

Anti-Trust Suits Filed Against Chicago Packers

Washington, Aug. 15.—Formal complaints charging Swift & Co., Armour & Co., Cudahy & Co., Morris & Co., and other meat packers with violation of the anti-trust laws and engaging in unfair business methods and monopolistic practices, were filed today with the federal trade commission by Representative Doolittle of Kansas. A prompt and thorough investigation of the livestock industry was asked. Representative Doolittle filed the complaint, he said, on his own responsibility in an effort to have at least a preliminary investigation by the commission. Supporting charges, he filed a copy of testimony taken by the house judiciary committee on the Borland resolution proposing investigation by the commission.

Hard Job Getting Man for Mexican Commission

Washington, Aug. 15.—The third man originally selected by President Wilson to serve with Secretary Lane and Justice Brandeis on the commission to compose border troubles has declined to serve, it became known today. Brandeis also has declined and the president is understood to be considering a long list of available men for appointment in the two places. The name of the third man among the original selection never has been divulged.

Miners' Strike Not Imminent

Kansas City, Mo., Aug. 15.—Activities in the conference here between miners and operators attempting to settle a two years' working contract were confined today and tonight to concourses by both sides, the outcome of which were not revealed. Reliable but unofficial information given out by the operators, however, indicated the situation was such that the calling of a strike was not imminent and that two of three districts already had expressed willingness to meet all terms. Miners tonight would neither affirm nor deny the statement.

Y. M. C. A. DIRECTORS HAVE BUSY SESSION

HON. ED. R. KONE SPEAKS IN APPRECIATION OF LEAGUE'S WORK.

Work of Evening Is of a Constructive Character, Looking to New Achievements.

The directors' meeting of the Y. M. C. A. held a session last night that was constructive in its nature. Various committees were heard from in reports of progress, and some vital measures were considered. John P. Wyche, chairman of the convention committee, reported that the Police Convention of Texas, which recently met at Houston, had been secured for Waco (the Texas Nurserymen's Association of Texas would meet here September 22-27, 1916).

F. E. Goodman, chairman of the agricultural committee, brought to the attention of the directors the plan providing for the awarding of prizes to farmers of McLennan county who would bring to the Cotton Palace exhibit of farm products, and that some form of publicity be given the movement to stimulate interest among the farmers and to make for this year's Cotton Palace the best agricultural exhibit ever shown at the big fair.

President Duncan will address a letter to the president of the Waco Clearing House association, asking the cooperation of the association in securing Federal Farm Loan bank for Waco.

HON. ED. R. KONE SPEAKS TO DIRECTORS.

Hon. Ed. R. Kone of the state department of agriculture was present at the meeting, and made a short but very practical address to the directors. Mr. Kone stated that the league had worked hand in hand with the department of agriculture, and that it had really been an auxiliary to that department. He said: "I believe selfishness is a bane to humanity. A man should take himself out of himself and try to do the best for his community." He declared he always read with deep interest of the work of the league. He said, in speaking of the work of the agricultural department, that it had accomplished much by setting object lessons before the boys and girls of Texas, who are between the ages of ten and sixteen years.

He spoke with reference to farmers' organizations, declaring that they had not succeeded because politicians had gone among the members to prejudice them against the league. He said the greatest work the department was employed in was to eradicate this prejudice.

Mr. Kone wants McLennan county to appropriate for the league a city man, to be displayed in the state capital at Austin, explaining that several counties of the state had such exhibits. He said a display of by-products, which were of a number, proving, as Mr. Kone says, that "cotton is the greatest plant known to man."

MANY COMMITTEES ARE APPOINTED.

A committee was chosen to work with the city and the Cotton Palace directors in securing a properly equipped and maintained zoo. In this connection F. E. Goodman read a letter from northern and eastern concerns giving prices on all manner of animals for the zoo. The committee will endeavor to get the people of Waco to donate animals for this place of interest.

A committee was appointed to appear before General Funston while in San Antonio at the Good Roads convention, and to urge the organization of the Third Texas infantry for the coming Cotton Palace.

For the purpose of launching a movement for opening the streets of Waco through the long blocks, the following committee was appointed: D. E. Hirschfeld, Dr. C. P. Schenck, E. A. Miller, J. W. Carlin and Geo. C. Robinson.

Monday, November 12, was designated as Y. M. B. L. day at the Cotton Palace, and the incoming administration was asked to appoint a committee to arrange for the program. E. E. Egan, E. C. Blomeyer and Guy McNamara were appointed to secure names to a petition for the closing of all business houses in the city on Sunday, the first day of the Cotton Palace.

W. W. Naman, E. A. Miller and John Wyche were appointed to get the town closed on Waco day at 1 o'clock. The league will offer its services to the Rotary club in securing Governor Dunn of Illinois, who is now reviewing the Illinois troops on the border, to speak in Waco at his return home.

The invitation from the Hill County Fair association to attend the fair was accepted, and it was voted that the incoming directors arrange to have a large number attend the fair.

LETTERS FROM THE PEOPLE.

The Senatorial Run-off. Editor Waco News:—The prohibition vote, more than 150,000 in number, is the main stake to be played for. The anti vote is, in the main, already attached to one or the other of the candidates. Especially because Senator Culbertson is not identified in the minds of the people with the liquor traffic, as is his opponent, and also for other reasons. I believe that 30 per cent of those prohibitionists who voted for one of the prohibition candidates for United States senator feel inclined to vote for Mr. Culbertson. But, while this is true, there is an absence of enthusiasm among them which the candidacy of Brooks or Campbell would have inspired, and with a large number of them the pending race between two anti-prohibitionists is a matter of indifference.

Neither of the two candidates can afford to treat the prohibition vote as already tied to him. If the conduct of Mr. Culbertson's anti-prohibition supporters and leaders in the Dallas county convention expresses the senator's attitude toward prohibitionists and submissionists, there may be a revision of sentiment among these latter. We may as well be candid and speak the truth. A murmur of discontent, not to say resentment, has been heard among the prohibitionists on account of the proceedings of the Dallas county convention, that is, at the treatment received by submissionists at the hands of that body.

For, be it remembered that Dallas is the home of Senator Culbertson. That the said convention was controlled by his friends and its proceedings were directed, according to a prearranged plan, by a floor manager, who is the man at the head of Mr. Culbertson's North Texas campaign. That Senator Culbertson carried Dallas county, but Campbell and Brooks received large votes and were first and second in the running. That submissionists were flouted. A long list of delegates to the state convention was selected with only one submissionist among them, and he tied up the unit rule. One of the most distinguished and brilliant democrats in Texas, who

chances to be a prohibitionist and was a Brooks supporter, was refused recognition on the floor of the convention, according to newspaper report.

Substantially the same thing was done in the convention at Fort Worth, although that county also had given a majority for submission.

Now, submission carried in the state. It appears that two-thirds of the senatorial and more than two-thirds of the representative districts have voted in favor of submission. Regardless of one's personal views on the merits of that question, in all justice and fairness the next legislature ought to submit a prohibition amendment to a vote of the people, and the coming state convention ought so to instruct democratic legislators. There is certainly much greater warrant for it than there was for the San Antonio convention to declare against national prohibition when the people had not expressed themselves on the question.

If the mandate of the people is disobeyed by a refusal to strongly indorse and recommend submission and if

submission democrats are attempted to be robbed of a well earned victory and are not given a square deal in the Houston convention, they will be able to locate the blame, and I think I do not mistake the temper of the rank and file of submission democrats when I say that they will visit their resentment upon the candidates whose friends are responsible for such injustice.

For my part I hold President Wilson in the highest esteem and am in hearty accord with the democratic administration, and believing as I do that Senator Culbertson is more in harmony with these sentiments than is his opponent, I have a very decided preference for Mr. Culbertson, and have so expressed myself. But if the sponsors of Mr. Culbertson's candidacy are more intent upon serving and protecting the liquor interests than upon promoting his candidacy or the president's, or the interest of the national democratic party, why should prohibitionists worry? F. O. MCKINSEY. Weatherford, Texas.

Expecting the Stork?

PAROLE BOARD MAY EXAMINE SKELETONS

MAN CONVICTED ON CIRCUMSTANTIAL EVIDENCE OF KILLING WIFE AND CHILD.

Declares Skeletons Found Year Later to Be of Indians and Not of His Family.

Montgomery, Ala., Aug. 15.—Asking his freedom on the ground that the skeletons exhibited at his trial were those of Indians and not those of his wife and child, Will Wilson today asked the parole board and asked for an investigation.

Wilson was convicted on circumstantial evidence. He had ordered his wife never to appear at his home again, evidence at the trial being that she was seen to go toward the house to get her child but was never seen afterward. A year later two skeletons were found buried a mile from the Wilson home and Wilson was sentenced to life imprisonment.

NATIONAL DEFENSE BILL SEES REPUBLICANS AND DEMOCRATS JOIN HANDS

CONTINUED FROM PAGE ONE.

Cramton, Davis of Minnesota, Dillingsworth, Huagen, Helesen, Hollingsworth, Kincaid, Lenroot, Mendall, Morgan of Oklahoma, Nelson and Young of North Carolina.

REPUBLICANS CLAIM CREDIT.

During the debate on the bill the republicans insisted that they led the way toward the increase and that the administration was not entitled to all the credit. The time allotted opponents for the big program was controlled by Democratic Leader Kitchin, who charged the democrats with a sharp change of front.

"Two months ago, the democrats, urged by the administration, were asked to vote against the wild, reckless, extravagant appropriations proposed by the republicans, said Mr. Kitchin. "I denounced the republican program as reckless criminality. Yet now the chairman of the committee, the secretary of the navy, the president and fellow democrats ask me to get up here and meet my words."

GREATEST MILITARY NATION.

"If the program passes the congress and is signed by the president this nation will be the greatest military nation the world has ever seen. And yet they say we are sane and patriotic."

Republican Leader Mann, advocating the increase, declared it was ordinary wisdom to prepare for "what we hope will never come."

"I want to keep out of war," he said, "but we should be prepared to protect our rights at home and abroad. The credit will belong to the republican side for the votes that will pass this larger program."

The defense program which approval of the navy bill by the house virtually completed has the most important achievement of the session and has involved appropriations aggregating \$661,418,000. In addition to the navy bill it included reorganization of the regular army and national guard.

For maintenance of the reorganized army and militia and supplies and equipment congress appropriated \$257,597,000.

Congress also provided for the creation of a council for national defense, composed of cabinet officials and citizen experts, to co-ordinate the military, industrial and natural resources of the country in time of war.

Quality First

PAY A LITTLE MORE AND GET A LOT MORE

Don't put a mortgage on your judgment in buying a car.

There's many a man in this county who paid too low a price for his car—and lived to regret the day.

I am not saying anything against low-priced cars. There are a number of good ones. They do the job well.

I am trying to get people to get a bird's-eye view of the motor car situation instead of a worm's-eye view.

Sometimes by paying a hundred or two hundred more you get \$500 extra value.

I refer now to the 1917 3400 r.p.m. Chalmers. Here's a car that has been run more than 1,000,000 miles in the hands of owners, yet attained a service record of 99.21% perfect.

That is the mark of a great car. And though it costs, possibly, a little more than you ever paid for a car before—remember that extra little sum gets you from the zone of a fair car to the zone of a great car.

It is not only money in your pocket in the long run, but pride everywhere you drive. There's a pleasant and interesting satisfaction in driving a regular car.

Money Couldn't Buy It

The relief he personally experienced moved Mr. W. F. Briggs, Konawa, Okla., to write to the Pinus laboratories a letter of appreciation in which he says:

"Fruitola and Traxo helped me so much I am advising all who suffer with gall-stones to try them. Money wouldn't buy what this medicine has done for me."

Fruitola is an intestinal lubricant that softens the congested masses, disintegrates the hardened particles that cause so much suffering and expels the accumulated waste to the intense relief of the patient. Following a dose of Fruitola, Traxo should be taken three or four times a day to restore the system that has been weakened by constant suffering. It is a splendid tonic, acting on the liver and stomach most beneficially.

Fruitola and Traxo are prepared in the Pinus laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists. In Waco they can be obtained at W. B. Morrison's Drug Store.

Maccabees Prepare for State Convention in Waco October 24

At a regular meeting of Lone Star tent No. 41, Knights of the Maccabees, held last night at the lodge rooms at Eighth and Washington streets, a report was made by Sir Knight Commander J. B. Sawtell of his recent trip to the meeting of the supreme review in Detroit, and of the head camp which Texas secured at that meeting. Arrangements also were made for the state convention of Maccabees to be held in Waco on October 24, and Commander William Reese was authorized to name a committee of four in addition to himself to make all arrangements of those who will be present. It also was stated by Sir Knight Sawtell that the supreme officers and supreme trustees will attend the state convention of Maccabees here October 24. The report which he made was most edifying and interesting. There was a large attendance, and after the business had received attention there was a watermelon feast which also was enjoyed fully.

ANOTHER S. C. WILLIAMS.

Man from Bruceville Does Not Want to Be Confused with Man Held for Assault.

The News is in receipt of a communication from S. C. Williams of the S. C. Williams Cotton Oil company of Bruceville, relative to the examining trial here in Waco Monday of a man named S. C. Williams. The man held under bond to the grand jury was stated to be a traveling man for the Tennessee Medicine company, and his

home is said to be at Bryan, Texas. The letter follows: "Bruceville, Texas, Aug. 15. "Editor Waco Morning News, Waco, Texas: Dear Sir—I see in the morning paper where one S. C. Williams is being tried for seduction and rape. There are quite a number of people who will believe that's me, and if you will straighten it up will certainly appreciate it. "Thanking you in advance, I remain, "Yours very truly, "S. C. WILLIAMS."

Probably First Compress in Texas Starts at Yoakum

Said a railroad man at the Metropole hotel last night: "I was in Yoakum yesterday, and heard the compress running, this no doubt being the first compress to start in Texas on the 1916 run of cotton. The start of the compress was made after quite a bit of cotton had accumulated. "No doubt the cottonseed oil mill there will be starting up pretty soon."

Three Bales Cotton Sold Yesterday

Three bales of cotton were sold in Waco yesterday, the price paid being 14c a pound. Seventeen bales of the new crop had been weighed up to yesterday afternoon by Public Weigher Sam Nix, and it is thought that the crop will be moving more rapidly within a few days, as it is rapidly opening. Farmers are trying to engage help and get their cotton out as rapidly as possible.

Current Events in Woman's Sphere

MRS. LILLIE DONNELL STRAIN, EDITOR
1110 South Fifth St. Telephone 3467

Social Calendar for This Wednesday.
Woman's Day at the Huaco club, beginning at 11 p. m.
Weekly dance at the Country club; 8:30 p. m.
Pallete and Brush club with Miss Rose Edmond, Fourteenth and Morrow; 9 a. m.
Officers of Mary West chapter, U. D. C., with Mrs. Strain; 4 p. m.

Mr. and Mrs. Frank Wells at Home From Corpus Christi.

Mr. and Mrs. Frank Wells are enjoying visits from Mr. and Mrs. H. V. Hamilton, Miss Ola May Hamilton and William Hamilton, all of Palestine, and Mr. and Mrs. H. O. McCallen and the daughter, Bess, of Emory. This is the continuation of a family party that has spent the past month together in Corpus Christi. The house party disbands with Thursday.

Early Breakfast at the Bridge.

The early morning hours of Tuesday found the girls of the club called the C. H. U. M. S. driving out to the Bosque bridge with their mothers for an early plunge in the river before the serving of a delicious breakfast. In this party were Misses Nena Damon, Sallie May Megarity, Elizabeth Armstrong, Josephine Smith, Helen Broadus, Rosalie Jameson, Edith Dryden, Leslie Young of Corsicana, Katherine Schimmelpfennig, Elizabeth Armstrong, Elaine Berkley, with the mothers of the young ladies, and also Messrs. Smith, Megarity, Aubrey Jameson and Cebon Megarity.

Musical at the Huaco During Luncheon Hour.

A quartette of good voices, along with other musical numbers, will be one of the leading attractions that the Mesdames George V. Rotan and R. B. Dupree have arranged for today at the Huaco club. The musical will occur during the luncheon hour.

As stated, the putting match, with trophy for lowest, begins at eleven. Those not interested in this diversion are at liberty to play bridge, by asking for tables, forming their own parties, although it is announced there will be no prize given by the club. Because of the change in Woman's day from Thursday to Wednesday, the steward, D. Blenven, will receive reservations for the luncheon hour as late as this morning.

Hay Ride to the Bosque for Miss Blumberg.

Mrs. Walter Dietz and Miss Maaz invited several couples to join them in a hay ride to the Bosque bridge in honor of Miss Geneva Blumberg of Seguin. This popular Seguin visitor has been named the honoree of several functions since her visit to her grandparents, Mr. and Mrs. H. Dietz, but none proved more enjoyable than did this hay ride followed by a swim and a picnic supper. The personnel included Misses Geneva Blumberg of Seguin, Florence Schuler, Culbertson Garrett, Hester Dietz, Irene Maaz, Mary Ferguson, Thelma Maaz, Inez Haaz, Thera Seawell and Messrs. Vernon Stoltz, James Miller, James Jenkins, Ralph Blumberg of Seguin, Blake Johnson, Bain and Buron, with Mr. and Mrs. M. R. Goebel and Mrs. Leslie Clont.

Party for Two Little Out-of-Town Guests.

Mrs. Wynn Nichols is entertaining her little nieces, the Misses Bessie Earl Giller and Katherine Chambers of Gatesville. On Tuesday afternoon they were the named honorees for a party given by Miss Louise Womack. Four tables were placed on the lawn of the home on West avenue, where the progressions were made which resulted in a bottle of toilet water going to Miss Mildred McCullough for top score, a pink crepe handkerchief as consolation to Miss Margaret Duncan and the honor guests were each given lingerie claps by the young hostess. Brick cream in the colors, pink and white, with cake, was enjoyed by the following young maids: Misses Hallie May Nichols, Margaret Duncan, Janice Kendrick, Marie Naylor, Evelyn DeBow, Susan Moore, Mildred Jackson, Lucy Pearson, Albert Ann Starr, Helen Crawley, Francis Nash, Dorothy Twaddell, Mildred McCullough and Mildred Womack.

Mr. Geo. M. Courts Honor Guest.

Mr. and Mrs. Charles Guthrie are entertaining for a few days Mrs. Geo. M. Courts of Galveston. Mr. Courts is the father of Mrs. Guthrie and has been the honor guest of several pleasant affairs since his arrival.

On Monday a large swimming party was formed for Mr. Courts. Eight autos carried the crowd to the beautiful swimming pool on the Charles E. Moore place and the sunset faded as the swimmers emerged from their invigorating plunges. The party was held in a grove surrounded by magnificent live oaks, the table was sumptuously spread with picnic delicacies. In the company were Mr. and Mrs. Charles E. Moore, Charles Guthrie, M. C. H. Park, Bart Moore, W. L. Edmond, Irwin Colgin, A. C. Upleger, Mesdames T. D. Hays, J. W. Orand, Seth P. Strong, Jr. of Dallas, J. T. Strain, J. W. Bondurant, Will Mistrot, Leslie Stegall, Misses Harriet Moore, Jane Dodd Moore, Evelyn Bondurant, Messrs. George M. Coats, Adrian Moore, Fred Burrows, Fred Tennant of Dallas.

Birthday Party.

Monday, August 14th, was the occasion of little Mary Ann Woodward's birthday, which was celebrated on the lawn of her home, 1829 Austin street, between the hours of five-thirty and seven-thirty.

After informal and enjoyable play to Victorrola music, the interest was centered in the birthday cake with its lighted candles. This gave in its cutting the ring to Margaret Jordan, the dime to Merchant Colgin, the ribbon to Gracia Greenhill, the penny to Mary Barrett, and the button to Josephine May.

Little Mary Ann received many reminders of this happy event. Bright colored balloons were the souvenirs of the afternoon.

Mesdames Armstrong, Starr and Woodward matronized the affair, serving cake and cream to the company of little guests. Those present were: Robert Woodward, Morris Woodward, Florence Drake, Edwin Drake, Margaret Folsom, Elmer Wheatley, Josephine Winfrey, Maybelle Rice, Howard Dudgeon, Julia Street, Mary Barrett, Pauline Barrett, Walter Lacy, Jr., Annie Laurie Kirksey, Margaret Jordan, Harry Philip Jordan, Nell Colgin, Elizabeth Colgin, Merchant Colgin, Jr., Gracia Greenhill, Josephine May, Josephine Jones, Jean Hendricks, J. C. Olesby, Nell Celest, John Wiley, Joseph Owens, Shirley Owens, Margaret Owens, Dorothy Barton, Faith Ainsworth, Tom Woodward, Morris Woodward, D. Y. Woodward, Mary Ann Woodward.

Mrs. Laura Morrell Surprised.

Mrs. Laura Morrell, the venerable mother of Mrs. E. E. Fitzhugh, and who for thirty years has made her home with this devoted daughter, was genuinely surprised on Thursday. This was her eighty-third birthday and the plot was carried out for Mrs. H. P. Jordan to have Mrs. Morrell for her all-day guest. This gave opportunity for arrangements. Invitations had been secretly extended before hand to more than two hundred of the friends of the honoree, so at five o'clock when the honor guest returned home, it was a very hearty welcome she received. All those invited were eager to come and express their love for one who had passed the four-score years with its lights and shadows, and whose brow is crowned with such beautiful serenity.

The galleries and rooms were alight with flowers and plants, the further remembrance of friends. Chairs were arranged for the more intimate friends of Mrs. Morrell on the green lawn. These were occupied by the honoree, Mrs. R. C. Burleson, Mrs. C. A. Westbrook of Lorena, Mrs. Emma Earl, Mrs. W. R. Maxwell, Mrs. E. E. Chevalier, Mrs. Susan Price, Mrs. W. A. Bruyere and Mrs. Emma Harrison.

The punch table was covered in a beautiful luncheon cloth, the handwork of Mrs. Morrell. A green fern mat placed thereon held the sparkling bowl, at which Miss Zett Fitzhugh and Miss Bert Dudley presided, assisted by Misses Katherine Fitzhugh and Helen Moore. At the gate little Misses Virginia Fitzhugh and Ruth Maxwell held the card held the card.

Mrs. Fitzhugh was assisted by her sister, Mrs. Emma Morrell Johnson, and niece, Mrs. B. R. Darwin, in receiving the two hundred guests who called.

Society Personals

Mrs. Seth Strong, Jr., of Dallas is visiting in the home of her parents, Mr. and Mrs. Bart Moore, Washington street.

Mrs. J. R. Davis is at home after

TODAY—The Last Day

of the People's Economy Sale

Today is the final day of this great August Clearance event; exceptional values will be offered in every department of the store.

10 Cents a Yard—

For 25c and 35c Summer Dress Goods

A General Closing-Out Sale—Four Big Tables of Handsome Fabrics for Dresses, Skirts, House Wear and School Wear

Every woman who does her own sewing—or who has any done—will be intensely interested in this enormous offering of seasonable goods at the ridiculously small price of **TEN CENTS A YARD**. \$1.29

89c

Many small lots of Summer Goods in all departments will be placed on sale today at astonishingly low prices—quantities too small to advertise. Come make a tour of the bargain tables. Early buyers will have best choice.

THE GOLDSTEIN-MIGEL CO.

"WACO'S GREATEST DEPARTMENT STORE"

Two weeks spent in Robinson with her cousin, Mrs. St. Hardin, of Washington street was the week-end guest of friends in Marlin.

Mrs. R. O. Stotter is enjoying a visit from her brother, Harry Crouch, of Abilene, Ill.

Mr. and Mrs. Vernon Staley and son left yesterday for Kansas City and Chicago for a few weeks' visit to relatives.

Dr. and Mrs. J. W. Murphy and little son, Jere Will, and Mrs. A. W. Routh have returned from a motor trip to Dallas and other south Texas points.

Mrs. W. H. Wheeler, Jr., made the return trip with Dr. and Mrs. J. W. Murphy from south Texas and will be their guest for several weeks in their Highland Place home.

Miss Cleo Elkins of Denison, who is spending some time with her aunt, Mrs. Charles Smith, of Morrow, is the guest of Miss Vernon Shaeffer of McGregor for only a few days.

Miss Hennie Marie Moore, recent guest of Miss Mabel Chambers, is now in Dallas for a visit. She will also visit in Marlin before returning to her home in Houston.

Miss Ella Henry leaves for her home in Cleburne this week. Miss Henry has endeared herself to many while connected with the Y. W. C. A. in our city during these past few months.

Society Notes

The Glen Rose encampment visitors are at home. Among those returning are mentioned Mrs. W. L. Perry and her sister, Mrs. Ash, of Kansas City, with Miss Ash, Mrs. Walter Rathell, Misses Louise Perry, Fay Davidson, Gladys Winchell, Lena Pratt and Nellie Lee Hill.

Miss Elizabeth Doke has hosts of friends here who continue their interest in her whereabouts. The latest news finds Miss Doke enjoying San Francisco, where she will be until her return to El Paso to resume her duties in the public schools.

Mrs. Seth B. Strong of Houston continues with her sister, Mrs. W. N. Orand, in order to be with her invalid mother in this home.

Mr. and Mrs. Gardner Gillespie will be in the Crawford apartments with the first of October. They are now in the Gillespie bungalow, Rose Park Place, while Mrs. Gillespie and the young ladies are in Canada and New York City.

Miss Lucy Bell Carter writes from Chicago of the intense heat experienced by them recently, but adds, "We have had some cool weather."

Ladies, have you seen the dainty work in our window? Bruck & Bruck, new owners of McGuire's, 723 Washington street. New phone 2526—Adv.

terest in her whereabouts. The latest news finds Miss Doke enjoying San Francisco, where she will be until her return to El Paso to resume her duties in the public schools.

Mrs. Seth B. Strong of Houston continues with her sister, Mrs. W. N. Orand, in order to be with her invalid mother in this home.

Money Couldn't Buy It

The relief he personally experienced moved Mr. W. F. Briggs, Konawa, Okla., to write to the Pinus laboratories a letter of appreciation in which he says:

"Fruitola and Traxo helped me so much I am advising all who suffer with gall-stones to try them. Money wouldn't buy what this medicine has done for me."

Fruitola is an intestinal lubricant that softens the congested masses, disintegrates the hardened particles that cause so much suffering and expels the accumulated waste to the intense relief of the patient. Following a dose of Fruitola, Traxo should be taken three or four times a day to restore the system that has been weakened by constant suffering. It is a splendid tonic, acting on the liver and stomach most beneficially.

Fruitola and Traxo are prepared in the Pinus laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists. In Waco they can be obtained at W. B. Morrison's Drug Store.

Current Events in Woman's Sphere

MRS. LILLIE DONNELL STRAIN, EDITOR
1110 South Fifth St. Telephone 3467

Social Calendar for This Wednesday.
Woman's Day at the Huaco club, beginning at 11 p. m.

Weekly dance at the Country club; 8:30 p. m.

Palette and Brush club with Miss Rose Edmond, Fourteenth and Morrow; 9 a. m.

Officers of Mary West chapter, U. D. C., with Mrs. Strain; 4 p. m.

Mr. and Mrs. Frank Wells at Home
From Corpus Christi.

Mr. and Mrs. Frank Wells are enjoying visits from Mr. and Mrs. H. V. Hamilton, Miss Ola May Hamilton and William Hamilton, all of Palestine, and Mr. and Mrs. H. O. McCallen and Little daughter, Bess, of Emory. This is the continuation of a family party that has spent the past month together in Corpus Christi. The house party disbands with Thursday.

Early Breakfast at the Bridge.

The early morning hours of Tuesday found the girls of the club called the C. H. U. M. S. driving out to the Bosque bridge with their mothers for an early plunge in the river before the serving of a delicious breakfast. In this party were Misses Nona Damon, Sallie May Megarity, Elizabeth Armstrong, Josephine Smith, Helen Broadus, Rosalie Jameson, Edith Dryden, Leslie Young of Corsicana, Katherine Schimmler of Austin, Elizabeth Armstrong, Elaine Berkeley, with the mothers of the young ladies, and also Messrs. Smith, Megarity, Aubrey Jameson and Cebon Megarity.

Musical at the Huaco During Luncheon Hour.

A quartette of good voices, along with other musical numbers, will be one of the leading attractions at the Mesdames George V. Rotan and R. B. Dupree have arranged for today at the Huaco club. The musical will occur during the luncheon hour.

As stated, the putting match, with trophy for lowest, begins at eleven. Those not interested in this diversion are at liberty to play bridge, by asking for tables, forming their own parties, although it is announced there will be no prize given by the club. Because of the change in Women's day from Thursday to Wednesday, the steward, D. Bienvenu, will receive reservations for the luncheon hour as late as this morning.

Hay Ride to the Bosque for Miss Blumberg.

Mrs. Walter Dietz and Miss Maaz invited several couples to join them in a hay ride to the Bosque bridge in honor of Miss Geneva Blumberg of Seguin. This popular Seguin visitor has been named the honoree of several functions since her visit to her grandparents, Mr. and Mrs. F. Dietz, but none proved more enjoyable than did this hay ride followed by a swim and a picnic supper. The personnel included Misses Geneva Blumberg of Seguin, Florence Schuler, Culbertson Garrett, Hester Dietz, Irene Maaz, Mary Ferguson, Thelma Maaz, Inez Haaz, Thera Seawell and Messrs. Vernon Stoltz, Charles Miller, James Jenkins, Ralph Blumberg of Seguin, Blake Johnson, Bain and Burton, with Mr. and Mrs. M. R. Goebel and Mrs. Leslie Clont.

Party for Two Little Out-of-Town Guests.

Mrs. Wynn Nichols is entertaining her little nieces, the Misses Bessie Earl Gilder and Katherine Chambers, of Gatesville. On Tuesday afternoon they were the named honorees for a party given by Miss Louise Womack. Four tables were placed on the lawn of the home on West avenue, where the progressions were made which resulted in a bottle of toilet water going to Miss Mildred McCullough for top score, a pink crepe handkerchief as consolation to Miss Margaret Duncan and the honor guests were each given lingerie clasp by the young hostess. Brick cream in the colors, pink and white cake, was enjoyed by the following young maids: Misses Hallie May Nichols, Margaret Duncan, Janice Kendrick, Marie Naylor, Evelyn DeBow, Susan Moore, Mildred Jackson, Lucy Tarsan, Albert Ann Starr, Helen Crawley, Francis Nash, Dorothy Twaddell, Mildred McCullough and Mildred Womack.

Mr. Geo. M. Courts Honor Guest.

Mr. and Mrs. Charles Guthrie are entertaining for a few days Mrs. Geo. M. Courts of Galveston. Mr. Courts is the father of Mrs. Guthrie and he has been the honor guest of several pleasant affairs since his arrival.

On Monday a large swimming party was formed for Mr. Courts. Eight autos carried the crowd to the beautiful swimming pool on the Charles E. Moore place and the sunset faded as the swimmers emerged from their invigorating plunges. At the camp house, in a grove surrounded by magnificent live oaks, the table was sumptuously spread with picnic delicacies. In the company were Mr. and Mrs. Charles E. Moore, Charles Guthrie, M. C. H. Park, Bart Moore, W. L. Edmond, Irvin Colgin, A. C. Uplinger, Mesdames T. D. Hays, J. W. Grant, Seth P. Strong, Jr., of Dallas, J. T. Strain, J. W. Bondurant, Will Mistrot, Leslie Stegall, Misses Harriet Moore, Jane Dodd Moore, Evelyn Bondurant, Mesdames T. D. Hays, J. W. Grant, Moore, Sidney Burrows, Fred Tennant of Dallas.

Birthday Party.

Monday, August 14th, was the occasion of little Mary Ann Woodward's birthday, which was celebrated on the lawn of her home, 1829 Austin street, between the hours of five-thirty and seven-thirty.

After informal and enjoyable play to Victrola music, the interest was centered in the birthday cake with its lighted candles. This gave in its cutting the ring to Margaret Jordan, the dime to Mercha Jordan, the ribbon to Gracia Greenhill, the penny to Mary Barrett, and the button to Josephine May.

Little Mary Ann received many reminders of this happy event. Bright colored balloons were the souvenirs of the afternoon.

Mesdames Armstrong, Starr and Woodward made a delicious party, serving cake and cream to the company of little guests. Those present were: Robert Woodward, Morris Woodward, Florence Drake, Edwin Drake, Margaret Hoadley, Elmer Hoadley, Josephine Winfrey, Maybelle Rice, Howard Dudgeon, Julia Street, Mary Barrett, Pauline Barrett, Walter Lacy, Jr., Annie Laurie Kirksey, Margaret Jordan, Harry Philip Jordan, Nell Colgin, Elizabeth Colgin, Merchant Colgin, Jr., Gracia Greenhill, Josephine May, Josephine Jones, Jean Hendricks, J. W. Oglesby, Nell Oglesby, Jordan Wiley, Joseph Owens, Shirley Owens, Margaret Owens, Dorothy Barton, Faith Ainsworth, Tom Woodward, Morris Woodward, D. Y. Woodward, Mary Ann Woodward.

Mrs. Laura Morrell Surprised.

Mrs. Laura Morrell, the venerable mother of Mrs. E. E. Fitzhugh, and who for thirty years has made her home with this devoted daughter, was genuinely surprised on Thursday. This eighty-third birthday of hers and the plot was carried out for Mrs. H. P. Jordan to have Mrs. Morrell for her all-day guest. This gave opportunity for arrangements. Invitations had been secretly extended before hand to more than two hundred of the friends of the honoree, so at five o'clock when the honor guest returned home, it was a very hearty welcome she received. All those invited were eager to come and express their love for one who had passed the four-score years with its lights and shadows, and whose brow is crowned with such beautiful serenity.

The galleries and rooms were abloom with flowers and plants, the further remembrance of friends. Chaperons were arranged for the more intimate friends of Mrs. Morrell on the green lawn. These were occupied by the honoree, Mrs. R. C. Burleson, Mrs. C. A. Westbrook of Lorena, Mrs. Emma Earl, Mrs. W. L. Maxwell, Mrs. E. E. Chevalier, Mrs. Susan Price, Mrs. W. A. Bruyere and Mrs. Emma Harrison.

The punch table was covered in a beautiful luscious cloth, the handwork of Mrs. Morrell. A green fern mat placed thereon held the sparkling bowl, at which Miss Zoe Fitzhugh and Miss Bert Dudley presided, assisted by Misses Katherine Fitzhugh and Helen Moore. At the gate little Misses Virginia Fitzhugh and Ruth Maxwell held the card tray.

Mrs. Fitzhugh was assisted by her sister, Mrs. Emma Morrell Johnson, and niece, Mrs. B. R. Darwin, in receiving the two hundred guests who called.

FEDERAL TAXES.

The average man looks on Uncle Sam as a rich uncle, rather than as a governmental agency which must needs be supported. A bulletin just issued from Washington states in part the collections of his tax gatherers for from the last year.

Internal revenue is the direct tax laid by the government, and is being gradually increased as the expenses of the government are increased. The amount collected from this source last year was \$512,723,287, which was nearly \$100,000,000 more than the collection for the preceding year. Of this sum, Texas contributed over \$4,000,000. It is interesting to note that she paid \$944,375 on account of tobacco and distilled liquors, while Oklahoma, a dry state, paid on this account only \$31,251. Those who persist in the delusion that prohibition does not prohibit should study these figures.

Texas paid for individual incomes \$672,456 and \$897,670 for corporation incomes, which is a silent testimonial to the increasing prosperity of the country.

The report fully indicates the fiscal policy of the national administration, and shows how it has defrayed the extraordinary expenses caused by the disturbances of the last three years without imposing unreasonable burdens upon any interest.

UNCLE SAM IN THE SADDLE.

The survey of business just published by the Chamber of Commerce of the United States exhibits an industrial condition more satisfactory, on the whole, than any this country has experienced during the last twenty years. Crop conditions show a good general average, factories are busy, wages are advancing. There is a demand for everything we have to sell at prices which no complaint can be made. Within three years our condition has been changed from a debtor to a creditor nation. So well adjusted are general conditions that the presidential election causes no ripple in business circles. No apprehension is felt with respect to the success of either party. The country has tried Wilson, and has confidence in him. While the election of Hughes would to some extent upset existing conditions, it would cause no liquidation.

Whether the war shall end soon or go on for another year; whether the democratic or the republican party shall rule, whether Carranza shall succeed or fail, Uncle Sam is in the saddle, and he is there to stay.

The breaking of the great Toxaway Dam in western South Carolina, following recent floods, is another one of those catastrophes which are becoming more frequent that serve to illustrate the advantages of the prairie. Storm and tempest, overflow, malaria, malaria, hookworm, pellagra and appendicitis do not flourish on the prairie. Even the mosquito finds it an uncongenial habitat. Come to Texas, you North and South Carolinians, and learn how to enjoy life on the prairie.

Since the beginning of the European war, this country has increased its foreign trade from \$44 to \$63 per capita, or over 43 per cent. A part of this will be lost when the war ends and normal competition is restored, but much of it will be held. One result of the war, which is now established, is that the trade flag of Uncle Sam will fly hereafter in every part of the world. And veracious history will credit that result to the foreign policy of President Wilson.

Senator Bailey transfers his support from Culberson to Colquitt because Culberson is a supporter of the child labor act now pending. This assumes that Colquitt would not support it, and also that he gets his inspiration from Mr. Bailey, because Colquitt himself, has made no declaration on the subject. This is an educational campaign along more lines than figured in it at the outset.

That \$100,000 find of silver dug up by Mr. Palmer, a farmer, while plowing near Nocona, has dwindled to \$821.80 under the searchlight of the Denver assay office. Still it was enough to emphasize the fact that plowing is always profitable if diligently pursued.

A Fort Worth writer recalls the fact that the greatest service Alexander Stephens ever rendered the state of Georgia was while being wheeled in an invalid's chair. And our Charley gets over ground on both legs. It is the thinking machine that counts.

"Suffrage and service go hand in hand," says the president. The ballot rightfully belongs only to those who serve. The man who casts his vote from any other motive than to serve his country stultifies himself and betrays his country.

As Dr. Brooks happily puts it, Culberson "more nearly represents the ideals of Texans and Americans." The truth is, Colquitt ought not to be running in Texas. He should transfer his candidacy to the coagulated Empire of Samoa.

When this cruel campaign is over Candidate Hughes may not send an open message of regret to Candidate Colquitt, but Oscar will understand how Charles feels about it just the same as if he had sent it.

If the treaty for the purchase of the Danish West Indies shall be consummated, we must surrender our claim to the North Pole. Take it, Danny, but don't forget to keep your ears covered.

The only way to settle the dispute over the location of the farm loan bank to the satisfaction of all parties is to compromise on Waco.

Mount Etna is in eruption. Man is kicking up such a general rumpus that nature has become excited and is beginning to chatter.

According to the Turk, he is winning everywhere. The Mexican war reporter seems to have emigrated to the Far East.

Editorial Round-Up

He's Sure Goin' South!
Judge Hughes is going west, but later in the fall he will be "going south."—Exchange.

Help Wanted.
No matter what the labor situation may be, you will always find the sign "help wanted" suspended in front of the federal recruiting offices.—Milford News.

No Danger.
The Granger News remarks: "Hundreds of lives have been sacrificed in the north and east on account of the intense heat. In Texas people get hot around the collar, but one seldom hears of a death from heat."—Crawford Advance.

Hughes Not Clear.
Mr. Hughes, in his speech of acceptance, severely arraigns President Wilson for doing and not doing certain things, but he fails to tell us just what he would have done or will do should he be elected president, and the people are anxious for him to make himself clear.—Comanche Chief.

Some Consolation, Anyway.
An advance of a dollar a barrel in the cost of flour, and 10-cent loaves instead of 5 cents, is making bread-bakers say hard things about the high cost of living. But think of the situation in Mexico, where bread cannot be had, and people are starving for lack of it. We are not so bad off.—Terrell Transcript.

Just a Small Matter!
The increase of the national debt in Europe since the beginning of the war two years ago is fifty billion dollars, an amount equivalent to the value of all the real estate in New York, New Jersey, Pennsylvania, Illinois, Ohio, Indiana, Michigan and Wisconsin.—Panhandle Herald.

Cotton in Texas.
Cotton is about the only thing that can stand a six weeks' drought without being considerably damaged, but six weeks of sunshine did not hurt the plant in north Texas, but made the boll weevil hunt a cooler climate, and the rain of Saturday is making the cotton stalks put on blooms and the bolls and soon the fleecy staple will be rolling into all the market towns of north Texas, and the merchants will be accordingly happy.—Sherman Daily Democrat.

Has Real Job, Now?
Woodrow has steered us clear of war with Germany and Mexico, but he has the job of his life on hand now. If he can settle the differences between the railroads and the four brotherhoods he will indeed be a diplomat, for a general strike at this time would be a greater calamity than would a long distance war with Germany or a scrap with Mexico. If the contending parties can be made to see the seriousness of a general strike to the country as a whole, perhaps they will avert such a calamity. Both sides are courting public favor and approval, and it is to be hoped that they will have due regard for the interests of the public as they make concessions to get public opinion behind them. It is indeed to be hoped that a satisfactory settlement can be effected, fair alike to both parties to the controversy and do justice to the country as a whole.—Ennis News.

Hold Your Shoulders Up!
Physical instruction is one strong argument for universal preparedness training. And American men are sadly in need of the former. If you stop and think you can count on the fingers of one hand your acquaintances who take their bodies as well as their minds seriously.
The American son of the soil is physically well developed. Because of fresh air, outdoor avocations and abundant food, he can not well be otherwise. The physique of man has been educated to appreciate the need of a sound body if one would enjoy a sound mind, taught how to secure it and given opportunity to develop his muscles, but between these two classes there is a vast middle group of men who simply never consider their bodies unless pain gives signals of distress. Through their bodies they enjoy life, by the strength of their bodies they earn their daily bread. If bodies they earn them with health they enjoy it, if their bodies break down they go to a physician as one would take a battered automobile to the repair shop. They have no more idea of taking care of or developing their lungs, muscles or nerves than a reckless chauffeur has of taking care of some other man's motor car.
The disadvantage of the human machine is that there is no factory where physicians can order new parts of the body to replace sections broken or hopelessly disabled.—Beaumont Journal.

NEXT SUMMER'S STYLISH MALE WILL RESEMBLE CHAMELEON, SAY TAILORS

The recent convention of International Custom Cutters discussed styles for next summer and prepared interesting plans for the male figure of fashion. His costume will be a bit more prismatic than heretofore. Some of the cutters said humorously that next summer's fashionable male will resemble a chameleon.

Central Texas Items

BRUCEVILLE REVIVAL A SUCCESS

Over 200 in Choir with Orchestra of Six or Eight Instruments.
Bruceville, Texas, Aug. 15.—Revival at Bruceville is growing in interest. Sunday night there were more people present than had been to church in Bruceville in many years.
There are over 200 in the choir. Two pianos, played by the Misses Kincannon, and an orchestra of six or eight instruments. The tabernacle, which will seat 1,500, has been electrically lighted.
There were over 500 people present.

REV. W. M. BOWDEN

Waco evangelist holding meeting at Bruceville.

Monday night. There were thirty-three conversions Monday. Sunday at 11 a. m. 500 roses or bouquets will be given away. The evangelist calls it his rose service.
The church people gave their pastor a great 1 bouquet of roses. Many of the church of Eddy helped in pounding.

Gatesville Gins Going.
Gatesville, Texas, Aug. 15.—Commissioners' court is in regular session this week with a large amount of business demanding their attention.

The Guaranty State Bank and Trust company of this place has purchased the two-story building on the corner of the square and Main street, 23x50 feet; consideration \$14,500.

Raisin Scramble

- 1 cup chopped SUN-MAID Raisins
 - 1 cup flour
 - 1 cup milk
 - 2 eggs
 - 1 teaspoon salt
 - 1 teaspoon baking powder
 - 1 tablespoon melted butter
- Sift flour, baking powder and salt into bowl; add milk, well-beaten eggs and butter; beat well; add raisins. Have pan hot (an iron pan is best); put in 1 teaspoon olive oil or lard, pour in mixture and with fork stir or scramble the same as scrambled eggs. Keep doing this until well cooked and nice and brown, but not hard. Pile on platter and serve with jelly, sauce or fruit syrup.
This makes a very good luncheon dish.

Some of the cotton gins in town are running today.

BURLESON HAPPENINGS.

Burleson, Texas, Aug. 15.—Little Jesse Pierce, son of Mrs. Ora Pierce, fell and broke his arm while at play at his home here.
Mrs. Steve Davis, an aged lady, was badly injured at her home east of town Sunday when she made a misstep and fell from the gallery of her home.
Cotton picking began here this week. The gins fired up Monday preparatory to the season's run.
Prof. E. F. Edwards, assistant school superintendent at Fort Worth, Sunday with relatives here, his boyhood home.
Easton Lawson, while playing with other boys Saturday, had the misfortune to break one of his legs. He is resting very well.

OGLESBY GETS FIRST BALE.

Ginned Free, Brings 15c a Pound and With Premium and Seed Nets \$118.
Oglesby, Texas, Aug. 15.—The first bale of cotton for this season was received today. It was raised by John Gilbreth on the Owens farm, on the Leon river. The bale was ginned free by the oil mill and weighed 483 pounds. It was bought by Walter Hanover of the Cavitt Lee company at 15c a pound and brought the sum of \$72.45 and seed \$20, which, with the premium of \$13.75, totalled \$118.20.
And yet the politicians are lamenting over the "down-trodden farmer."

Axtell Gets First Bale.
Axtell, Tex., Aug. 15.—R. L. Wiempe of route 1 brought the first bale into Axtell today. He sold it at 15c. It was ginned by Ed Archie, who ginned eleven bales today, all of which sold at 14c.

IN THE LOCAL COURTS.

NINETEENTH DISTRICT COURT.

Examining trial of Anton Gurlich, charged with murder, postponed until today account of non-appearance of witnesses.

Marriage Licenses.
G. E. Atkins and Miss Leone Gilmer.

COURTHOUSE NOTES.

County court adjourns Saturday. The September term opens Monday, September 4.

The large number of civil suits being filed in the county clerk's office are taken by Clerk Tom Morris to be a promising indication of the fine crops expected this fall. These suits, he believes, will be tried in time for judgments to be secured just as the cotton money gets into circulation and people are able to pay up.

As It's Done Now.

"Professor, I want to take up in international law. What course of study would you recommend?"

MARLIN ELEGATION OFF TO ROAD MEET

LEAVE AT 6 O'CLOCK THIS MORNING FOR MEDINA LAKE VIA AUTO ROUTE.

CITY COURT'S BUSY SEASON

Divides Honors With Justice Court in Securing Half of Sixteen Pleas of Guilty.

Marlin, Texas, Aug. 15.—It was announced this afternoon by the secretary of the commercial club that a delegation would leave at 6 o'clock tomorrow morning in automobiles for San Antonio to attend the meeting of the National Highway association. He expressed confidence in gaining recognition of the association and effecting the retention of the proposed Waco-Galveston national highway. The personnel of the delegation is Mayor H. W. Bounds, Judge F. S. Heffner, Judge George Carter, Judge Zenas Bartlett, County Attorney Tom Bartlett, Anderson Rice, N. C. Chafey, Roy Eddins, A. C. Connally, A. B. Johnson, Mr. and Mrs. C. B. Monday and Mr. and Mrs. J. H. Primm.

A herd of thirty-seven Jersey cows was sold today by George Woodland to the Houston Dairy association. C. T. Alexander of the association took them up. The price paid ranged from \$75 to \$80 a head. Mr. Alexander said that the cows were thoroughly bred. Property is not even denied the state.

The commissioners' court convened in regular quarterly session here today. There is a considerable amount of business before them for consideration.

Local courts, both city and justice, had a busy day today. There were eight pleas of guilty in each, which drew the customary fine "and costs." All of these were misdemeanors. The city court had twelve cases on docket. Property is not even denied the state.

Prizes, amounting to about sixty-five dollars in value, have been donated to the Civic League by Marlin merchants to be distributed as the club directs at their next meeting. Wonderful strides have been made this year toward civic improvements and many weed-grown vacant lots have been converted into veritable spots of beauty. The yards are the prettiest ever known. All of this is due to the activities of the Civic League.

A most delightful event was the dance given last evening by Mesdames W. H. Allen and Herman Nussbaum for the pleasure of the house guests of Mr. and Mrs. J. Bolivar Billingsley. At 10 o'clock the jolly party assembled at the home of Dr. and Mrs. W. H. Allen on Ward street and merry were the hours ensuing. At 10 o'clock the dining room was thrown open and the guests had a most generous capacity of fruit punch, which was served through the balance of the evening. Those enjoying this hospitality pronounced it the most delightful of the season.

Miss Madeline Robertson entertained last evening with a swimming party at the falls in honor of her house guests, Misses Bates of Gorman, Moore of Brenham, Bowman of Mooreville, Cole of Waxahachie and McAfee of Corsicana. After a delightful dip, a dinner, prepared by the clever hostess, was spread picnic style at the club house. The guests, excluding the house party, were Messrs. N. Levy, L. Robertson, J. Eddins, E. Hutchings, H. Robertson and Chesley Snell.

Dr. W. H. Allen is at home after an extended visit to St. Paul, Minneapolis and other Northern cities.

Harry Wetzel is visiting his parents in Marlin. He is a member of the C. Clark light guards and stationed at Harlingen.

Leighton Beavers, Storey Pattiniger and Miss Lois Saunders of Hillsboro were Sunday visitors, and were accompanied home by Miss Tommie Andrews, who has been a guest of Miss Katie Lee Kennedy.

W. H. W. Jones of Waco is a Marlin visitor today.

C. J. Bartlett is a late arrival from the convention.

Governor to Meet Governor.
Austin, Aug. 15.—Governor Ferguson left at 1 o'clock today over the Missouri, Kansas & Texas for San Antonio, where he will meet Governor Edwards of Illinois. There will be a dinner and other functions there in honor of the visiting governor. Adjutant General Henry Hutchings left on an early train today, also, for San Antonio, where he will confer with General Frederick Funston.

Texas Bread Trust Suspected.
Austin, Aug. 15.—The so-called bread trust, which now encroaches on the authority of the federal authorities, is likely to be taken up by the attorney general's department of Texas. The federal trade commission and the department of justice at Washington are making a joint investigation of the high cost of bread. Assistant Attorney General Sweeten, who has charge of trust matters in the department, intimated that the probe may be extended to Texas.

Galveston Property Valuation Increases.
Galveston, Aug. 15.—Property valuations for the city of Galveston as assessed for taxation for the fiscal year are \$14,469,939. This is an increase of \$528,455 over the assessed valuations for the last fiscal year. It is expected that this assessment will show about \$750,000 for city and school purposes.

For All Complexion Pills

If the skin be colorless, sallow, muddy, over-red, blotchy or freckled, nothing will so surely overcome the condition as ordinary mercurized wax. It literally takes off a bad complexion—absorbs the dead and near-dead particles of surface skin, gently, gradually, causing no inconvenience at all. A new complexion is then in evidence, clear, spotless, delicately soft and beautiful. One ounce of this wax, procurable at any drug store, will rejuvenate even the most complexion. It is used like cold cream.

Men's Walk-Over Oxfords \$3.50 and \$4.00 the Pair

MART NEWS BUDGET

Local, Personal and Society News Written Especially for the Waco Morning News by Miss Naida Ione Barnes. Mart, Texas, August 5, 1916.

J. W. Hite, who lives near Frosia, on Della R. R. No. 2, has just returned from a very pleasant trip to his early boyhood home near Mayfield, Ky. He has been living in Texas after quite an extensive visit to points within the state.

Miss Corita Crist has returned to Mart, after a pleasant visit to relatives in Groesbeck. Mrs. Ira Gillespie, living on Texas avenue, has been quite ill for some days past, but is now reported as doing well.

S. B. Hale, living out from Mart, on route No. 4, went down into south Texas in search of cotton pickers to harvest his immense crop.

J. J. Hawthorne, R. R. No. 6, has been at Marlin for some time, receiving treatment at the hot wells.

Mrs. L. W. Cowan is at home again, after having visited for some time at Calvert.

For several days during the past week great wagon trains loaded with sugar cane from Dr. Gillim's up-country farms have been passing through Mart, bound for the molasses mills, where Dr. Gillim has been having an immense quantity of molasses made.

Miss Hazel Parnell left for Houston Tuesday morning, where she will join Miss Flo Bryan's house party.

Misses Mary Wilson and Lucille Bass have returned from a house party at Stamford. Misses Wilson and Bass have been honorees of quite a number of social affairs during their absence.

Mr. and Mrs. Lee Mathis have returned from a trip to Waxahachie and Dallas.

Arch C. Thompson and family and W. P. Thompson of Hubbard visited C. C. Thompson Sunday. Arch C. Thompson was re-elected as county clerk in the recent election.

Bill Smith and family and Mr. Bill Curry and mother visited the Badgero family this week.

Fred Scott and J. M. Scott, from Victoria, returned today from the Holiness camp meeting at Waco. They report a fine service on Sunday.

A new school building is being erected at Battle.

Mr. Wheeler, who lives north of Hallsburg, is building a fine new barn.

Mr. Leuschner, living near Otto, has under the course of construction a nice and complete home.

Mr. Kugler is having extensive repair work and remodeling done on his home south of Mart.

Rev. E. E. Ingram of Waco preached to a congregation composed of all the churches on the Baptist church lawn Sunday evening.

Street Work Will Form Important Link in the Roads

It was stated yesterday afternoon by City Engineer George B. Gurley that at present the work of graveling Forest street from Elm street to a connection with the county road is in progress, also the graveling of Peach street to a connection with the Marlin road.

The first of these connections involves the graveling of approximately half a mile of Forest street, while the other will call for the graveling of a little more than half a mile on Peach street. Each will form a valuable road connection between the city and the country.

City Engineer Gurley also stated that concrete gutters are being put in on North Sixteenth street from Morrow to Columbus street, an improvement which has been needed some time.

The County Dads Finished Meeting

The county commissioners finished a two days' session yesterday and adjourned to attend the Good Roads congress at San Antonio. The work attended to yesterday was on the routine order. Some road money was transferred and the annual school tax levy was made for the various school districts of county, which have special school taxes. The rate was in all cases practically the same as in the preceding years.

County Superintendent R. L. Abbott made his annual report on the scholastic census. The report shows that justice precinct No. 1 has a scholastic population of 11,068; precinct No. 2, 2,655; precinct No. 3, 2,125; precinct No. 4, 1,029; precinct No. 5, 1,350; precinct No. 6, 11,021; precinct No. 7, 950; precinct No. 8, 850. The law provides that the number of scholastics be multiplied by six to get the correct population of the territory where the scholastic census is taken.

Packing for Vacation.

"Jack?"
"Yes."
"Can't you bring some fat friend home to dinner? I positively must have some heavyweight to sit on my trunk."—Life.

Back to Nature.

"Serve the champagne in tin cups, Oscar," directed the owner of the bungalow.
"Very good, sir."
"These hunting parties like to rough it a trifle."—The Wasp.

HUSBAND OBJECTS TO OPERATION

Wife Cured by Lydia E. Pinkham's Vegetable Compound

Des Moines, Iowa.—"Four years ago I was very sick and my life was nearly spent. The doctors stated that I would never get well without an operation and that without it I would not live one year. My husband objected to any operation and got me some of Lydia E. Pinkham's Vegetable Compound. I took it and commenced

to get better and am now well, am stout and able to do my own housework. I can recommend the Vegetable Compound to any woman who is sick and run down as a wonderful strength and health restorer. My husband says I would have been in my grave ere this if it had not been for your Vegetable Compound."—Mrs. BLANCHE JEFFERSON, 703 Lyon St., Des Moines, Iowa.

Before submitting to a surgical operation it is wise to try to build up the female system and cure its derangements with Lydia E. Pinkham's Vegetable Compound; it has saved many women from surgical operations.

Write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice—it will be confidential.

FEDERAL TAXES.

The average man looks on Uncle Sam as a rich uncle, rather than as a governmental agency which must needs be supported. A bulletin just issued from Washington states in part the collections of his tax gatherers for from the last year.

Internal revenue is the direct tax laid by the government, and is being gradually increased as the expenses of the government are increased. The amount collected from this source last year was \$512,728,287, which was nearly \$100,000,000 more than the collection for the preceding year. Of this sum, Texas contributed over \$4,000,000. It is interesting to note that she paid \$944,375 on account of tobacco and distilled liquors, while Oklahoma, a dry state, paid on this account only \$31,261. Those who persist in the delusion that prohibition does not prohibit should study these figures.

Texas paid for individual incomes \$672,456 and \$897,670 for corporation incomes, which is a silent testimonial to the increasing prosperity of the country.

The report fully indicates the fiscal policy of the national administration, and shows how it has defrayed the extraordinary expenses caused by the disturbances of the last three years without imposing unreasonable burdens upon any interest.

UNCLE SAM IN THE SADDLE.

The survey of business just published by the Chamber of Commerce of the United States exhibits an industrial condition more satisfactory, on the whole, than any this country has experienced during the last twenty years. Crop conditions show a good general average, factories are busy, wages are advancing. There is a demand for everything we have to sell at prices which no complaint can be made. Within three years our condition has been changed from a debt-ridden to a creditor nation. So well adjusted are general conditions that the presidential election causes no ripple in business circles. No apprehension is felt with respect to the success of either party. The country has tried Wilson, and has confidence in him. While the election of Hughes would to some extent upset existing conditions, it would cause no liquidation.

Whether the war shall end soon or go on for another year; whether the democratic or the republican party shall rule, whether Carranza shall succeed or fail, Uncle Sam is in the saddle, and he is there to stay.

The breaking of the great Toxaway Dam in western South Carolina, following recent floods, is another one of those catastrophes which are becoming more frequent that serve to illustrate the advantages of the prairie. Storm and tempest, overflow, malaria, hookworm, pellagra and appendicitis do not flourish on the prairie. Even the mosquito finds it an uncongenial habitat. Come to Texas, you North and South Carolinians, and learn how to enjoy life on the prairie.

Since the beginning of the European war, this country has increased its foreign trade from \$44 to \$63 per capita, or over 43 per cent. A part of this will be lost when the war ends and normal competition is restored, but much of it will be held. One result of the war, which is now established, is that the trade flag of Uncle Sam will fly hereafter in every part of the world. And veracious history will credit that result to the foreign policy of President Wilson.

Senator Bailey transfers his support from Culberson to Colquitt because Culberson is a supporter of the child labor act now pending. This assumes that Colquitt would not support it, and also that he gets his inspiration from Mr. Bailey, because Colquitt himself, has made no declaration on the subject. This is an educational campaign along more lines than figured in it at the outset.

That \$100,000 find of silver dug up by Mr. Palmer, a farmer, while plowing near Nocona, has divided to \$321.80 under the searchlight of the Denver assay office. Still it was enough to emphasize the fact that plowing is always profitable if diligently pursued.

A Fort Worth writer recalls the fact that the greatest service Alexander Stephens ever rendered the state of Georgia was while being wheeled in an invalid's chair. And our Charley gets over ground on both legs. It is the thinking machine that counts.

"Suffrage and service go hand in hand," says the president. The ballot rightfully belongs only to those who serve. The man who casts his vote from any other motive than to serve his country stultifies himself and betrays his country.

As Dr. Brooks happily puts it, Culberson "more nearly represents the ideals of Texans and Americans." The truth is, Colquitt ought not to be running in Texas. He should transfer his candidacy to the coagulated Empire of Samoa.

When this cruel campaign is over Candidate Hughes may not send an open message of regret to Candidate Colquitt, but Oscar will understand how Charles feels about it just the same as if he had sent it.

If the treaty for the purchase of the Danish West Indies shall be consummated, we must surrender our claim to the North Pole. Take it, Danny, but don't forget to keep your ears covered.

The only way to settle the dispute over the location of the farm loan bank to the satisfaction of all parties is to compromise on Waco.

Mount Etma is in eruption. Man is kicking up such a general rumpus that nature has become excited and is beginning to chatter.

According to the Turk, he is winning everywhere. The Mexican war reporter seems to have emigrated to the Far East.

Editorial Round-Up

He's Sure Goin' South!
Judge Hughes is going west, but later in the fall he will be "going south."—Exchange.

Help Wanted.
No matter what the labor situation may be, you will always find the sign "help wanted" suspended in front of the federal recruiting offices.—Milford News.

No Danger.
The Granger News remarks: "Hundreds of lives have been sacrificed to the north and east on account of the intense heat. In Texas people get hot around the collar, but one seldom hears of a death from heat."—Crawford Advance.

Hughes Not Clear.
Mr. Hughes, in his speech of acceptance, severely arraigns President Wilson for doing and not doing certain things, but he fails to tell us just what he would have done or will do should he be elected president, and the people are anxious for him to make himself clear.—Comanche Chief.

Some Consolation, Anyway.
An advance of a dollar a barrel in the cost of flour, and 10-cent loaves instead of 9 cents, is making bread eaters say hard things about the high cost of living. But think of the situation in Mexico, where bread cannot be had, and people are starving for lack of it. We are not so bad off.—Terrell Transcript.

Just a Small Matter!
The increase of the national debt in Europe since the beginning of the war two years ago is fifty billion dollars, an amount equivalent to the value of all the real estate in New York, New Jersey, Pennsylvania, Illinois, Ohio, Indiana, Michigan and Wisconsin.—Fanhall Herald.

Cotton in Texas.
Cotton is about the only thing that can stand a six weeks' drought without being considerably damaged, but six weeks of sunshine did not hurt the plant in north Texas, but made the boll weevil hunt a cooler climate, and the rain of Saturday is making the cotton stalks put on blooms and the bolls and soon the fleecy staple will be rolling into all the market towns of north Texas, and the merchants will be accordingly happy.—Sherman Daily Democrat.

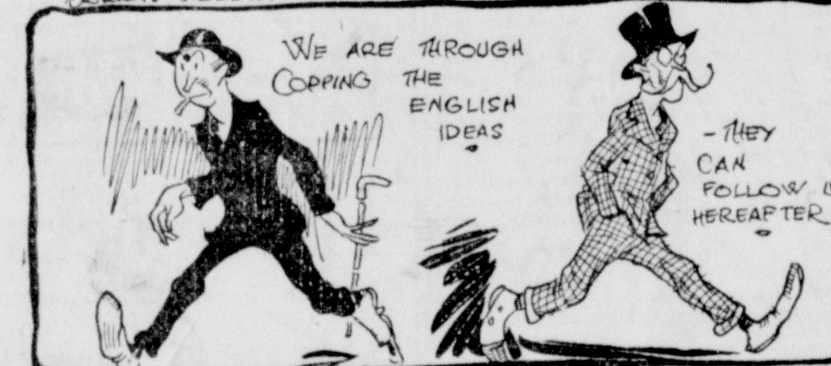

Has Real Job, Now?
Woodrow has steered us clear of war with Germany and Mexico, but he has the job of his life on hand now. If he can settle the differences between the railroads and the four brotherhoods he will indeed be a diplomat, or a general strike at this time would be a greater calamity than would a scrap with Mexico. If the contending parties can be made to see the interests of the country as a whole, perhaps they will be willing to make concessions to avert such a calamity. Both sides are courting public favor and approval, and it is to be hoped that they will have due regard for the interests of the public, as that is the surest way to get public opinion behind them. It is indeed to be hoped that a satisfactory settlement can be effected, fair alike to both parties to the controversy and do justice to the country as a whole.—Ennis News.

Hold Your Shoulders Up!
Physical instruction is one strong argument for universal preparedness training. And American men are sadly in need of the former. If you stop and think you can count on the fingers of one hand your acquaintances who take their bodies as well as their minds seriously.

The American son of the soil is physically well developed. Because of fresh outdoor avocations and abundant food, he can not well be otherwise. The college-bred man has been educated to appreciate the need of a sound body if one would enjoy a sound mind, taught to secure it and given opportunity to develop his muscles, but between these two classes there is a vast middle group of men who simply never consider their bodies unless pain fires signals of distress. Through their bodies they enjoy life, by the strength of their bodies they earn their daily bread. If nature has endowed them with health they enjoy it, if their bodies break down they go to a physician as one would take a battered automobile to the repair shop. They have no more idea of taking care of or developing their lungs, muscles or nerves than a reckless chauffeur has of taking care of some other man's motor car.

The disadvantage of the human machine is that there is no factory where physicians can order new parts of the body to replace sections broken or hopelessly disabled.—Beaumont Journal.

NEXT SUMMER'S STYLISH MALE WILL RESEMBLE CHAMELEON, SAY TAILORS

The recent convention of International Custom Cutters discussed styles for next summer and prepared interesting plans for the male figure of fashion. His costume will be a bit more prismatic than heretofore. Some of the cutters said humorously that next summer's fashionable male will resemble a chameleon.

Central Texas Items

BRUCEVILLE REVIVAL A SUCCESS

Over 200 in Choir with Orchestra of Six or Eight Instruments.
Bruceville, Texas, Aug. 15.—Revival at Bruceville is growing in interest. Sunday night there were more people present than had been in church in Bruceville in many years.

There are over 200 in the choir. Two pianos, played by the Misses Kincannon, and an orchestra of six or eight instruments. The tabernacle, which will seat 1,500, has been electrically lighted.

There were over 500 people present at the season's run.

REV. W. M. BOWDEN
Waco evangelist holding meeting at Bruceville.

Monday night. There were thirty-three conversions Monday. The meeting continues over Sunday. Sunday at 11 a. m. 500 roses or bouquets will be given away. The evangelist calls it his rose service.

The church people gave their pastor a great poultice Saturday night. Many of the church of Eddy helped in poulticing.

Gatesville Gins Going.
Gatesville, Texas, Aug. 15.—Commissioners' court is in regular session this week with a large amount of business demanding their attention.

The Guaranty State Bank and Trust company of this place has purchased the two-story building on the corner of the square and Main street, 23x60 feet; consideration \$14,500.

Raisin Scramble

- 1 cup chopped SUN-MAID Raisins
 - 1 cup flour
 - 1 cup milk
 - 2 EGGS
 - 1 teaspoon salt
 - 1 teaspoon baking powder
 - 1 tablespoon melted butter
- Sift flour, baking powder and salt into bowl; add milk, well-beaten eggs and butter; beat well; add raisins. Have pan hot (an iron pan is best); put in 1 teaspoon olive oil or lard, pour in mixture and with fork stir or scramble the same as scrambled eggs. Keep doing this until well cooked and nice and brown, but not hard. Pile on platter and serve with jelly, sauce or fruit syrup.
- This makes a very good luncheon dish.

BURLINGTON HAPPENINGS.

Burlington, Texas, Aug. 15.—Little Jesse Pierce, son of Mrs. Ora Pierce, fell and broke his arm while at play at his home here.

Mrs. Steve Davis, an aged lady, was badly injured at her home east of town Sunday when she made a misstep and fell from the gallery of her home.

Cotton picking began here this week. The gins fired up Monday preparatory to the season's run.

Prof. E. E. Edwards, assistant school superintendent at Fort Worth, Sunday with relatives here, his boyhood home.

Easton Lawson, while playing with other boys Saturday, had the misfortune to break one of his legs. He is resting very well.

OGLESBY GETS FIRST BALE.

Ginned Free, Brings 15c a Pound and with Premium and Seed Nets \$118.
Oglesby, Texas, Aug. 15.—The first bale of cotton for this season was received today. It was raised by John Gilbreth on the Owens farm, on the Leon river. The bale was ginned free by the oil mill gin and weighed 483 pounds. It was bought by Walter Hanover of the Cavitt Lee company at 15c a pound and brought the sum of \$72.45 and seed \$20, which, with the premium of \$15.75, totalled \$118.20.

And yet the politicians are lamenting over the "down-trodden farmer."

Axtell Gets First Bale.

Axtell, Texas, Aug. 15.—R. L. Wempe of route 1 brought the first bale into Axtell today. He sold it at 15c. It was ginned by Ed Archie, who ginned eleven bales today, all of which sold at 14c.

IN THE LOCAL COURTS.

NINETEENTH DISTRICT COURT.
Tom L. McCullough, Judge.
R. V. McClain, Clerk.
No orders.

New Suits Filed.
L. Shellenman et al. vs. New Brunswick Fire Insurance Company, debt.

FIFTY-FOURTH DISTRICT COURT.

"Constant target practice."—Louisville Courier-Journal.

MARLIN DELEGATION OFF TO ROAD MEET

LEAVE AT 6 O'CLOCK THIS MORNING FOR MEDINA LAKE VIA AUTO ROUTE.

CITY COURT'S BUSY SEASON

Divides Honors With Justice Court in Securing Half of Sixteen Pleas of Guilty.

Marlin, Texas, Aug. 15.—It was announced this afternoon by the secretary of the commercial club that a delegation would leave at 8 o'clock tomorrow morning in automobiles for San Antonio to attend the meeting of the National Highway association. He expressed confidence in gaining recognition of the association and effecting the retention of the proposed Waco-Galveston national highway. The personnel of the delegation is Mayor E. W. Bounds, Judge F. S. Heffner, Judge George Carter, Judge Zenas Bartlett, Attorney Tom Bartlett, Anderson Rice, N. C. Chaney, Roy Eddins, A. C. Connally, A. B. Johnson, Mr. and Mrs. C. B. Monday and Mr. and Mrs. J. H. Primm.

A herd of thirty-seven Jersey cows was sold today by George Woodland to the Houston Dairy association. T. A. Alexander of the association took them up. The price paid ranged from \$75 to \$80 a head. Mr. Alexander said that the cows were thoroughly tested before the deal was closed and that it proved to be of the best herds in the state.

The commissioners' court convened in regular quarterly session here today. There is a considerable amount of business before them for consideration.

Local courts, both city and justice, had a busy day today. There were eight pleas of guilty in each, which drew the customary fine "and costs." All of these were misdemeanors. The city court had twelve cases on docket. Prosperity is not even denied the courts in Marlin.

Prizes, amounting to about sixty-five dollars in value, have been donated to the Civic league by Marlin merchants. At their next meeting. Wonderful strides have been made this year toward civic improvements and many weed-grown vacant lots have been converted into veritable spots of beauty. The yards are the prettiest ever known. All of this is due to the activities of the Civic league.

A most delightful event was the dance given last evening by Mesdames W. H. Allen and Herman Nussbaum for the pleasure of the house guests of Mr. and Mrs. J. Bolivar Billingsley. At an early hour the jolly party assembled at the home of Dr. and Mrs. W. H. Allen on Ward street and merry were the hours ensuing. At 10 o'clock the dining room was thrown open and a bowl of generous capacity of fruit punch, which was served through the balance of the evening. Those enjoying this hospitality pronounced it the most delightful of the season.

Miss Madeline Robertson entertained last evening with a swimming party at the falls in honor of her house guest, Miss Gates of Gorman. Moore of Bremond, Bowman of Mooreville, Cole of Waxahachie and McAfee of Corsicana. After a delightful dinner, prepared by the clever hostess, was served punch and the party adjourned to the home of Dr. and Mrs. W. H. Allen on Ward street and merry were the hours ensuing. At 10 o'clock the dining room was thrown open and a bowl of generous capacity of fruit punch, which was served through the balance of the evening. Those enjoying this hospitality pronounced it the most delightful of the season.

Dr. W. H. Allen is at home after an extended visit to St. Paul, Minneapolis and other Northern cities.

Harry Wetzel is visiting his parents in Marlin. He is a member of the B. C. Clark light guards and stationed at Harlingen.

Leighton Beavers, Storey Pattinger and Miss Lola Saunders of Hillsboro were Sunday visitors, and were accompanied home by Miss Tommie Andrews, who has been a guest of Miss Katie Lee Kennedy.

W. H. W. Jones of Waco is a Marlin visitor today.

C. J. Bartlett is a late arrival from the convention.

Governor to Meet Governor.
Austin, Aug. 15.—Governor Ferguson left at 1 o'clock today over the Missouri, Kansas & Texas for San Antonio, where he will meet Governor Edward F. Dunne of Illinois. There will be a dinner and other functions at the hotel where the visiting governor will stay. The governor's departure was left on an early train today, also, for San Antonio, where he will confer with General Frederick Funston.

Texas Bread Trust Suspected.
Austin, Aug. 15.—The so-called bread trust which is now engaging the attention of the federal authorities, is likely to be taken up by the attorney general's department of Texas. The federal trade commission and the department of justice at Washington are now making a joint investigation of the high cost of bread. Assistant Attorney General Sweeton, who has charge of trust matters in the department, intimated that the probe may be extended to Texas.

Galveston Property Valuation Increases.
Galveston, Aug. 15.—Property valuations for the city of Galveston, as assessed for taxation for the fiscal year, are \$41,469,939. This is an increase of \$328,485 over the assessed valuations for the last fiscal year. It is expected that this assessment will yield about \$750,000 for city and school purposes.

For All Complexion Ills

If the skin be colorless, sallow, muddy, covered blotchy or freckled, nothing will so surely overcome the condition as ordinary mercurized wax. It literally takes off a bad complexion—absorbs the dead and near-dead particles of surface skin, gently, gradually, causing no inconvenience at all. A new complexion is then revealed, clear, spotless, delicately soft and beautiful. One ounce of this wax, procurable at any drug store, will rejuvenate even the worst complexion. It is used like cold cream.

MART NEWS BUDGET

Local, Personal and Society News Written Especially for the Waco Morning News by Miss Naida Ione Barnes.

W. A. Spencer and Mrs. Spencer are home from an auto trip to Albany.

Miss Reba Baker is at home again, after quite an extensive visit to points within the state.

Miss Corita Crist has returned to Mart, after a pleasant visit to relatives in Groesbeck.

Mrs. Ira Gillespie, living on Texas avenue, has been quite ill for some days past, but is now reported as doing well.

S. B. Hale, living out from Mart, on route No. 4, went down into south Texas in search of cotton pickers to harvest his immense crop.

J. J. Hawthorne, R. R. No. 6, has been at Marlin for some time, receiving treatment at the hot wells.

Mrs. L. W. Cowan is at home again, after having visited for some time at Calvert.

For several days during the past week great visiting trains loaded with sugar cane from Dr. Gillim's up-country farms have been passing through Mart, bound for the molasses mills, where Dr. Gillim has been having an immense quantity of molasses made.

Miss Hazel Parnell left for Houston Tuesday morning, where she will join Miss Flo Bryan's house party.

Misses Mary Wilson and Lucille Bass have returned from a house party at Stamford. Misses Wilson and Bass have been honorees of quite a number of social affairs during their absence.

Mr. and Mrs. Lee Mathis have returned from a trip to Waxahachie and Dallas.

Arch C. Thompson and family and W. P. Thompson of Hubbard visited C. C. Thompson Sunday. Arch C. Thompson was re-elected as county clerk in the recent election.

Bill Smith and family and Mr. Bill Curry and mother visited the Badgero family this week.

Fred Scott and J. M. Scott, from Victoria, returned today from the Hollis camp meeting at Waco. They report a fine service on Sunday.

A new school building is being erected at Battle.

Mr. Wheeler, who lives north of Hallsburg, is building a fine new barn.

Mr. Leuschner, living near Otto, has under the course of construction a nice and complete home.

Mr. Kaiger is having extensive repair work and remodeling done on his home south of Mart.

Back to Nature.
"Serve the champagne in tin cups, Oscar," directed the owner of the bungalow.

"Very good, sir."

"You're having parties like to rough it a trifle."—The Wasp.

It was stated yesterday afternoon by City Engineer George B. Gurley that at present the work of graveling Forest street from Elm street to a connection with the county road is in progress, also the graveling of Peach street to a connection with the Marlin road.

The first of these connections involved the graveling of approximately half a mile of Forest street, while the other will call for the graveling of a little more than half a mile on Peach street. Each will form a valuable road connection between the city and the country.

City Engineer Gurley also stated that concrete gutters are being put in on North Sixteenth street from Morris to Columbus street, an improvement which has been needed some time.

The county commissioners finished a two days' session yesterday and adjourned to attend the Good Roads congress at San Antonio. The work attended to yesterday was on the routine order. Some road money was transferred and the annual school tax levy was made for the various school districts of county, which have special school taxes. The rate was in all cases practically the same as in the preceding years.

County Superintendent R. L. Abbott made his annual report from the schools to the county board, showing that justice precinct No. 1 has a scholastic population of 11,068; precinct No. 2, 2,655; precinct No. 3, 2,125; precinct No. 4, 1,629; precinct No. 5, 1,350; precinct No. 6, 1,121; precinct No. 7, 990; precinct No. 8, 850. The law provides that the number of scholastics be multiplied by six to get the correct population of the territory where the scholastic census is taken.

Packing for Vacation.
"Jack?"
"Yes?"
"Can't you bring some fat friend home to dinner? I positively must have some heavyweight to sit on my trunk."—Life.

What Is Uric Acid?

THE CAUSE OF BACKACHE, RHEUMATISM, GRAVEL AND SUDDEN DEATH.

Ever since the discovery of uric acid in the blood by Scheele, in 1775, and the bad effect it had upon the body, scientists and physicians have striven to rid the tissues and the blood of this poison. Because of its overabundance in the system it causes backache, pains here and there, rheumatism, gout, gravel, neuralgia and sciatica. It was Dr. Pierce who discovered a new agent, called "Anuric," which will throw out and completely eradicate this uric acid from the system. "Anuric" has proved to be 37 times more potent than lithia, and consequently you need no longer fear muscular or articular rheumatism, gout, or many other diseases which are dependent on an accumulation of uric acid within the body. Send to Dr. Pierce, of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., for a pamphlet on "Anuric," or send 10 cents for a trial package of "Anuric Tablets."

If you feel that tired, worn-out feeling, backache, neuralgia, or if your sleep is disturbed by too frequent urination, go to your best drug store and ask for Dr. Pierce's Anuric Tablets. They are put up in 50-cent packages. Doctor Pierce's reputation is back of this medicine and you know that his "Golden Medical Discovery" for the blood and his "Favorite Prescription" for the ills of women have had a splendid reputation for the past fifty years.

Doctor Pierce's Pellets are unequalled as a Liver Pill. *One tiny Sugar-coated Pellet cures Cough, Headache, Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the Liver, Stomach and Bowels.*

Interest Growing in Speegleville Meet

The protracted meeting which is being conducted by Rev. W. Vinsant at Speegleville, is getting under fine headway, and large crowds are attending each service.

The meeting is being held in a grove adjoining the church, and this is proving an excellent place. It will continue through this week, anyway, and may go on longer.

Music for the meeting is in the capable hands of J. D. Isaacks of Baylor university, and this is proving an attractive feature of the meeting.

Bond Granted Jewell Yesterday

W. B. Jewell, the railroad postal clerk who is charged by complaint with embezzlement of a letter containing money, yesterday had a preliminary hearing before United States Commissioner A. P. McCormick, and his bond was fixed at \$750.

This bond binds Jewell over to appear at the proper time before the federal grand jury here.

CALOMEL IS MERCURY, IT SICKENS! CLEAN LIVER AND BOWELS GENTLY

Don't lose a day's work! If your liver is sluggish or bowels constipated take "Dodson's Liver Tone."

You're bilious! Your liver is sluggish! You feel lazy, dizzy and all knocked out. Your head is dull, your tongue is coated; breath bad; stomach sour and bowels constipated. But don't take salivating calomel. It makes you sick, you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crashes into your bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced just take a spoonful of harmless Dodson's Liver Tone tonight. Your druggist or dealer sells you a 50-cent bottle of Dodson's Liver Tone under my personal money-back

guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and your bowels regular. You will feel like working; you'll be cheerful; full of vigor and ambition.

Dodson's Liver Tone is entirely vegetable, therefore harmless and can not salivate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here.

WACO MAY HAVE TEN CENT BREAD

BIG JUMP IN FLOUR PRICE CAUSES BAKERS TO FEEL RESTLESS.

They Say All Ingredients Have Advanced, Some More Than Flour. Facts Are Given.

Because of the almost unprecedented advance in the price of flour, which has ascended until it costs nearly double what it did several weeks ago, much of the advance having come in the past two weeks, and because everything entering into the making of bread costs much more than it did formerly, the bakers of Waco may be forced to go to baking 10c loaves of bread exclusively, though they are loath to take this step, according to Mr. Frank Ketton, who, speaking of the matter, said:

"We have not abandoned the making of 5c loaves of bread, but the tremendous advance in prices of flour and the great advance of everything entering into the loaf works a hardship on the bakers. We are making a 10c loaf of bread, now, which is being pushed, and it may be that it will be necessary to abandon the 5c loaf of bread, but this will be done only as a last resort. We do not like to reduce the size of the loaf of the 5c loaf of loaves, and have not decided just what is to be done."

"To illustrate the advance in the prices of flour, I bought flour on June 10 at \$5 a barrel; today this identical flour is selling for \$8.51 a barrel, and it seemingly will go higher, much of the increase having come recently. Even at prevailing prices flour dealers are not at all anxious to close contracts, fearing the price will go still higher."

"Take caraway seed for the rye bread: I used to pay from 7c to 9c and then 10c a pound for this, but at present the price is 22c a pound."

"Formerly poppy seed could be bought for 12 1/2c a pound—today the price is 35c a pound."

"Two years ago currants could have been bought at 10c a pound even at retail; today they sell for 15c a pound in jobbing lots. "Shortening for bread and other things, whether one uses lard or butter, is decidedly higher than formerly, while spices and colorings are up from 50 to 200 per cent."

"Even the paper in which bread is wrapped has shown the same upward tendency, and wrapping paper is nearly what it was formerly. As to wax wrappers, they can hardly be obtained at all unless one had contracted for them some time ago; I gave in an order for the waxed paper about ten months ago, and six months ago advised them to ship, but they have kept putting me off, and this paper has never come. It is claimed that it is almost impossible to get the wax."

"Oh, it's a puzzling proposition, and one which has put the bakers to guessing, for it looks like the end is not even yet in sight."

CITY NEWS BRIEFS

The B. Y. P. U. of the Provident Heights Baptist church went to the Bosque Monday night for a swim, and a jolly good time was had by thirty-two members of the organization, chaperoned by Mr. and Mrs. Crate Dalton.

Cotton buyers have gone to their respective places in the state, and are ready for the business which may come their way. In South Texas cotton is moving freely already, though right on the coast there was not much raised this year, owing to the distressing drought which prevailed there.

Officials of the Cotton Palace are bending every effort toward getting together a creditable and worthy exposition next fall. It is expected that record crowds will attend, and the desire is to each year add something which will extend the scope and the general interest in this great annual show.

The sheriffs of Texas are in session at Fort Worth, and in the midst of the bunch of officers is Sheriff S. S. Fleming of McLennan county. Sheriff Fleming went to stay the entire three days of the gathering and will get the benefits to be had from the meeting together of the officers of the state.

Persons who have returned from the Baptist encampment at Lampasas declare that it was one of the most successful gatherings of the kind that has ever been held and that the results were all that were expected. Hundreds were camping on the grounds, and the crowd was so large that it was necessary for persons who came in by rail and by conveyances.

The residence of Mr. Wilson, 1813 South Third street, was entered some time Monday night by a burglar, who secured access through a back screen door. The prowler secured a watch and about \$8 in money, getting away without waking the family, all of whom were at home. The burglary was reported to officers, but there is no clue thus far.

Police Officers Craven and Brandon yesterday afternoon arrested a half dozen negro boys, charged with theft of a bicycle, a lot of socks, etc. The boys were taken to the county jail.

It rained very hard last night, and the night was delightful cool, following showers which fell in parts of the state.

The appeal recently made by Park Commissioner J. J. Lillard for co-operation in keeping the Waco parks in good condition still is bearing some fruit, and it is said that many people are aiding in this matter, though more general co-operation is desired. The parks of the city are the beauty spots, and it requires much work and care to keep them looking as they should look.

Attention was called yesterday by a Waco man of observant character to the fact that it was on August 15 last year that the gulf storm developed at Galveston, gradually growing worse until telegraphic communication with that city was lost on August 16. It was the next day, August 17, before the storm struck Waco and Central Texas, continuing with great fury for about eighteen hours.

Mrs. Mabel Simpson Died Yesterday

Mrs. Mabel Simpson, aged 26 years, died yesterday evening at 8 o'clock at a local sanitarium, as the result of appendicitis.

She is survived by her husband, B. F. Simpson; by a little son, 5 years of age, and her parents, Mr. and Mrs. J. A. Roland of Ocea, also by four sisters and four brothers at Ocea and one sister in Waco, Mrs. S. P. Cantrell.

The funeral will take place at 3:30 this afternoon from the residence of North Fifth street, interment at Oakwood cemetery.

A new type of one-man gun used by British cavalryman.

Negro State Sunday School and B. Y. P. U. Congress Meets at New Hope Baptist Park

The State Sunday School and B. Y. P. U. congress of the General Baptist Convention of Texas opened yesterday morning at the New Hope Baptist church park with delegates present from various parts of the state. The morning program consisted of devotionals by Dr. H. M. Williams of Galveston and Rev. G. F. C. Curry of San Antonio.

"The Bible of Doctrine" was discussed by S. A. Pleasant of Cuero. "The Bible by Books and Periods," by Rev. T. Chandler. A. R. Newman of Fort Worth delivered an address on B. Y. P. U. organization.

Rev. S. R. Prince, national secretary of the B. Y. P. U. board of Nashville, Tenn., made the principal address of the morning, which was enthusiastically received by the congress.

Rev. W. O. Bell closed the morning session with an address on the "Practical Methods of Teaching."

The greatest interest of the day was centered on the coming of the general director of the congress and the southern delegation which came in on the Katy Limited. The delegation was headed by Dr. W. H. Crawford, who is general director of the congress. Between three and four hundred people were present to greet the delegation.

NEGRO BOY CADETS IN ENCAMPMENT.

The "Boy Cadets," our Sunday school organization of negro boys of which Dr. Crawford is the head, is holding its encampment in connection with the congress during the week. These cadets come from the principal cities and towns of the state. Their work is somewhat similar to the white Boy Scouts, with the exception that the Cadet work is confined strictly to the Sunday school. They held their first session at 8 o'clock yesterday evening, Lieut. H. Lott presiding. In an address delivered to the boys, Dr. Crawford made them understand that the Cadet movement was not a gun movement; that the gun and the sword formed no part of the paraphernalia and they were ordered, therefore, to "lay down arms." This they did without the least bit of resistance. While in the city they will be domiciled at Central Texas college. They have their own cook and waiters and special attendants.

The congress proper holds joint or mass session half of each day at the big New Hope park at 911 North Sixth street. The afternoon of each day will be devoted to department work. Eighteen departments with special program in each constitutes this phase of the congress work.

The general object of the congress is to train negroes for religious service in all lines of church work. Last night's program was in the hands of the local committee, at which time welcome from the various church organizations of the city and from the city of Waco were extended the delegation.

Dr. J. L. Kesler, dean of Baylor university, in extending a welcome to the delegation to the city of Waco, urged his hearers to live the principles of Christianity and dispense not the day of small things.

Dr. L. L. Campbell of Austin, president of General Baptist convention, responded to the welcome address on behalf of the convention.

Hairs Will Vanish After This Treatment

(Toilet Helps.) You can keep your skin free from hair or fuzz by the occasional use of plain delatone and in using it you need have no fear of marring or injuring the skin. A thick paste is made by mixing some of the powdered delatone with water. Then spread on the hairs and after two or three minutes rub off, wash the skin and all traces of hair have vanished. Be careful, however, to get real delatone.

CITY NEWS BRIEFS

The B. Y. P. U. of the Protestant Heights Baptist church went to the Bosque Monday night for a swim, and a jolly good time was had by thirty-two members of the organization, chaperoned by Mr. and Mrs. Crute Dalton.

Cotton buyers have gone to their respective places in the state, and are ready for the business which may come their way. In South Texas cotton is moving freely already, though right on the coast there was not much raised this year, owing to the distressing drought which prevailed there.

Officials of the Cotton Palace are heading every effort toward getting together a creditable and worthy exposition next fall. It is expected that record crowds will attend, and the desire is to each year add something which will extend the scope and general interest in this great annual show.

The sheriffs of Texas are in session at Fort Worth, and in the midst of the bunch of officers is Sheriff S. S. Fleming of McLennan county. Sheriff Fleming went to stay the entire three days of the gathering, and will get all the benefits to be had from the meeting together of the officers of the state.

Persons who have returned from the Baptist encampment at Lampasas declare that it was one of the most successful gatherings of the kind that has ever been held and that the results were all that could be expected. Hundreds were camping on the grounds, and the crowds were augmented continually by persons who came in by rail and by conveyances.

The residence of Mr. Wilson, 1813 South Third, was burgled last night Monday night by a burglar, who secured access through a back screen door. The prowler secured a watch and about \$8 in money, getting away without making a sound. A number of whom were at home. The burglary was reported to officers, but there is no clue thus far.

Police Officers Craven and Brandon yesterday afternoon arrested a half dozen negro boys, charged with theft of a bicycle, a 10-cent watch and other things. The boys were taken to the county jail.

It looked very much like rain yesterday afternoon, but it failed to materialize here. The night was delightfully cool, followed by showers which fell in parts of the state.

The appeal recently made by Park Commissioner J. D. Harlow for co-operation in keeping the Waco parks in good condition still is bearing some fruit, and it is said that many people are aiding in this matter, though more general co-operation is desired. The parks of the city are the beauty spots, and it requires much work and care to keep them looking as they should look.

Attention was called yesterday by a Waco man of observant character to the fact that it was on August 15 last year that the gulf storm developed at Galveston, gradually growing worse until telegraphic communication with that city was lost on August 16. It was the next day, August 17, before the storm struck Waco and Central Texas, continuing with great fury for about eighteen hours.

Mrs. Mabel Simpson died yesterday.

Mrs. Mabel Simpson, aged 26 years, died yesterday evening at 6 o'clock at a local sanitarium, as the result of appendicitis.

She is survived by her husband, B. F. Simpson; by a little son, 5 years of age and her parents, Mr. and Mrs. J. A. Roland of Oree, also by four sisters and four brothers at Oree and one sister in Waco, Mrs. S. P. Cantrell.

The funeral will take place at 3:30 this afternoon from the residence, 408 North Fifth street, interment at Oakwood cemetery.

Hairs Will Vanish After This Treatment

(Toilet Helps.) You can keep your skin free from hair or fuzz by the occasional use of plate delatone and in using it you need have no fear of marring or injuring the skin. A thick paste is made by mixing some of the powdered delatone with water. Then spread on the hairs and after two or three minutes rub off, wash the skin and all traces of hair have vanished. Be careful, however, to get real delatone.

Negro State Sunday School and B. Y. P. U. Congress Meets at New Hope Baptist Park

The State Sunday School and B. Y. P. U. congress of the General Baptist Convention of Texas opened yesterday morning at the New Hope Baptist church park with delegates from various parts of the state. The morning program consisted of devotionals by Dr. H. M. Williams of Galveston and Rev. G. F. C. Curry of San Antonio.

"The Bible of Doctrine" was discussed by S. A. Pleasant of Cuero. "The Bible by Books and Periods," by Rev. T. Chandler, A. R. Newman of Fort Worth delivered an address on B. Y. P. U. organization.

Rev. S. R. Prince, national secretary of the B. Y. P. U. of Nashville, Tenn., made the principal address of the morning, which was enthusiastically received by the congress.

Rev. W. O. Bell closed the morning session with an address on the "Practical Methods of Teaching."

The greatest interest of the day was centered on the coming of the general director of the congress and the southern delegation which came in on the Katy Limited. The delegation was headed by Dr. W. H. Crawford, who is general director of the congress. Between three and four hundred people were present to greet the delegation.

NEGRO BOY CADETS IN ENCAMPMENT. The "Boy Cadets," our Sunday school organization of negro boys of which Dr. Crawford is the head, is holding its encampment in connection with the congress during the week. These cadets come from the principal cities and towns of the state. Their work is somewhat similar to the white Boy Scouts, with the exception that the Cadet work is confined strictly to the Sunday school. They held their first session at 4 o'clock yesterday evening.

Lieut. H. Lott presiding. In an address delivered to the boys, Dr. Crawford had them understand that the Cadet movement was not a gun movement, that the gun and the sword formed no part of the paraphernalia and they were ordered, therefore, to "lay down arms." This they did without the least bit of resistance. While in the city they will be domiciled at Central Texas college. They have their own cook and waiters and special attendants.

The congress proper holds joint or mass sessions of each day at the big New Hope park at 911 North Sixth street. The afternoon of each day will be devoted to department work. Eighteen departments under eighteen competent directors with a special program in each constitutes this phase of the congress work.

The general object of the congress is to train negroes for religious service in all lines of church work. Last night's program was in the hands of the local committee, at which time welcomes from the various church organizations of the city and from the city of Waco were extended the delegation.

Dr. J. L. Kester, dean of Baylor university, in extending a welcome to the delegation to the city of Waco, urged his hearers to live the principles of Christianity and dispense not the day of small things.

Dr. L. L. Campbell of Austin, president of General Baptist convention, responded to the welcome address on behalf of the convention.

Children Bitten by Mad Dog at Home and Out of Danger

H. L. Roddey of the Chalf Bluff community was in the city yesterday on business connected with the treatment of his children for rabies at the Pasteur institute at Austin last week. Mr. Roddey says his two children returned home Sunday from the institute, where they had just undergone the treatment, and are now well, so far as can be ascertained.

The Roddey children were bitten by a dog about two weeks ago, and from all indications it is thought he was mad. The dog was killed but no examination was made of his case, although he bit another dog, which took rabies several days afterward. Mr. Roddey said he could take no chances with his children, hence sent them to Austin for treatment. The physicians in charge at the Pasteur institute say they could not determine whether they were in danger, but to be safe they gave the treatment.

Cotton Is Opening Very Fast Now

Cotton is beginning to open very rapidly in this section of the state now, and unless rain comes soon it will be rolling into market freely within two or three weeks.

The dry weather has tended to put the cotton where it will rapidly open, and the plant is protected by the dry weather to a large extent from the depredations of boll weevil, boll worm and other pests which would otherwise be doing it injury.

If even an average crop of cotton is made and sold it will bring in a great deal of money at prevailing prices for cotton and cotton seed.

Gassers Lose First to Galveston

Galveston, Texas, Aug. 15.—Galveston and Shreveport divided a double-header here today. Couchman shutting out the visitors 2 to 0 in the opener and losing the second 2 to 1 in the tenth after pitching nineteen innings, when Becker knocked a home run over the right-field fence. Miller's fielding was sensational. The scores:

Joe Jenkins Sold to Chicago White Sox.

Houston, Aug. 15.—Joe Jenkins has been sold to the Chicago White Sox for \$2,000 by the Houston club of the Texas league. Jenkins' hitting has been the mainstay of the Houston team throughout the season and he was at one time leading the league in batting. He will report to the White Sox next spring. His batting average through last week, according to unofficial records, was .317. Jenkins is a catcher.

Henderson Fouls Terry Ketchell

Galveston, Aug. 15.—Red Henderson of Dallas lost to Terry Ketchell of Philadelphia on a foul in the first round of a scheduled twelve-round bout here tonight. Henderson knocked Ketchell down with a rig across to the jaw and apparently thoughtlessly struck his opponent on the side of the head while still down.

Padgett's Team Given Banquet at Raleigh Hotel

Captain Padgett's team, winner of the thirty-game volleyball tournament which has been in progress at the Y. M. C. A. for the past few weeks, was treated to a banquet at the Raleigh hotel last night by the losing teams in the tournament. Plans for the formation of another thirty game series with four different teams were completed at the conclusion of the feast. In the recent tournament Padgett's squad won three games and lost ten. They captured thirteen out of the

TIME FOR BUYING TEXAS PLAYERS ENDED YESTERDAY

There seems to be some confusion among fans over the circuit as to the dates on which Texas league players may be sold to the majors, and also, when the player limit is raised on each club for the rest of the season. Monday, August 14, marked the last day on which managers had to hold their roster to fifteen men. Thereafter until Labor day any club in the league can carry as many men as the club owners wish. The pennant contenders, Waco, Shreveport and Fort Worth, are not likely to make additions of untried and raw recruits to their teams; they will undoubtedly finish with the same tried and tested machines. This ruling was undoubtedly made to aid second division clubs who had no possible chance to become dark horses in the chase. These teams now have a right to beat the bushes for likely talent to be developed next year. Following is President Walter Morris' statement:

"The Texas league minutes of the Houston meeting allows each club to have and carry as many men as they wish from August 14 to the end of the season. On account of so many doubting the league for this little deficiency, and think it advisable to notify all owners of this clause, so that they may be able to take advantage of the same. Now for the date on which the major league representatives must close their deals for the purchase of Lone Star athletes. If some big show business had cast a covetous eye on Biddle of the Navigators, and made offers to the local management for the player who has been refused yesterday, the little outfielder would go up later by the draft route at a reduced price, about \$10,000. The last day that a deal may be closed for the purchase of a Texas league player by a major league club, it is not known at this time whether a Waco player has been sold to the Big Show. Several may go up by the draft route, however. Shreveport has already recalled Outfielder Nixon from Beaumont.

The draft schedule is as follows: Under the drafting laws a club of a higher class shall have the right after September 22 of each year to select players from a league in a lower class during the following periods: Class AA, between September 22 and 27. Class A, between September 28 and October 4. Class B, between October 7 and October 12. Class C, between October 15 and October 20. The major leagues will do their drafting before the double A's.

Two Hits and Bad Throw Beat Giants

San Antonio, Aug. 15.—Bargan's two-bagger, Butler's infield single and Brownlow's wide throw to first base broke up the game in favor of San Antonio against Dallas in the tenth here today, 1 to 0. The score:

Time, 1:49. Umpire, Carson.

Henderson Fouls Terry Ketchell

Galveston, Aug. 15.—Red Henderson of Dallas lost to Terry Ketchell of Philadelphia on a foul in the first round of a scheduled twelve-round bout here tonight. Henderson knocked Ketchell down with a rig across to the jaw and apparently thoughtlessly struck his opponent on the side of the head while still down.

Sporting Comment

Probabilities—Causery and Perritt vs. Moore and Dickson or Ogio. Red and Gene pitched but three full innings yesterday; they'll be sure to go back again today.

Al Demaree has a great time in slapping the Giants each time Pat Moran tells him to go to it. The smiling cartoonist has beaten McGraw's nine every start against them but one this year.

Down Beaumont way, the fans hall Clayton Perry as the greatest manager who ever lived. A bit exaggerated, yes, but the infielder has certainly done wonders with the team since he's had charge. His phenomenal hitting has been the biggest factor, too.

Couchman stopped 'em once, and almost did it twice. The big heater pitched nineteen innings against Shreveport, and allowed but two runs, both coming in the last game. As a result of the split, the Gassers lead Waco but two points, less than half a game.

Ever notice that when Utility Player Bernsen gets into the game the Gassers almost invariably lose. Comment's been watching this little situation for some time, and it nearly always pans out. Cotton-top don't play a bad game in any position, he's a whole of a hitter, and all to the merry in his fielding, but victories just can't be got with Berny playing.

Not much of a surprise to hear of Chicago's purchase of Joe Jenkins. Joe's a bear at bat all season long, his batting being triples with men on. While not as good a fielder as some in the league, Jenkins' heavy hitting more than makes up for this little deficiency, and he stands a fair chance to make good. Yesterday was the last day for Dook to make up his mind let the catcher go, that \$2,000 was a subtle persuader, doubtless.

Don't go to placing your money on the Dodgers just yet. Wilbert's men enjoyed a nice lead up to four days ago, since when it's been cut down appreciably. The Braves had the hatchets. Keep your eye on Hugh Fullerton's prognostication at the first of the season. Say, Hughey, "We'll have a world's series right in our own back yard, with the Braves and the Red Sox in the leading roles."

As some other folks will tell you, the Gassers haven't a great team. Not near as good as Waco, for instance. Figuring on the merits of the club alone, Shreveport has no right to be leading the league. Yet she's up there. Why? Let the Galveston scribe tell it: "The Shreveport team may not loom up as a championship collection on paper, it looks like a pack in the field. Even with the sultry calm of mid-August settling grimly on the field they play with a dash and nerve that speaks of victories past, present and to come. Fielding sensation, batting hard, clean hits, pulling off a variable attack and taking advantage of every opportunity, the Shreveporters look like champions. They scatter out of the dugout at the start of an inning like a pack in full cry. If yesterday's game is a sample of the kind of ball they have been displaying since their last trip to the island, there is small wonder that they lead the league now. Bury Syd Smith, sitting on his hat waiting his turn at the platter, turns a grinning leer around at the stands that used to kid the portly master plumber of the Gasser outfit. "Look at 'em," he seems to say, "Beat 'em, if you can. But I don't think you will."

"Leslie at bat" flashed the Morning News' electric scoreboard in the fourth inning yesterday. The big crowd of fans assembled on the vacant lot next the News building saw visions of the blond-haired boy getting on base for another run. "Look at Moore," had already been touched for a score in the second round, he couldn't locate the plate, and the chances were ripe for the Skippers to get sweet revenge on a certain southern Texan on second base. The operator in Houston hinted that a little wetness at West End park might stop the game for a few moments. When this announcement was made, a lot of single bug thought of leaving. About ten minutes later, the wires reported that the diamond had become a sure-enough quagmire, and that Umpires Vitter and Moran had decided to grant Vitter and Moran had decided to grant a day's work and shoo back to the hotel. A double-header is billed for today, starting at 3 o'clock, and in order to complete the number of scheduled games at Houston, still another double-header offering must be played Thursday.

It's doubtful if there's a better place in

LAKESIDE, Ill., Aug. 15.—George

Church of Tenafly, New Jersey, suc-

cessfully defended his holding of the western

tennis bowl here today by smashing a

straight set victory over Hatch Byford

of Chicago, the challenger, 6-4, 6-0, 6-1.

It was a sweeping victory for the east-

erner. He had a driving service that

Byford could not handle well, while his

placing on terrific drives from the chal-

lenger's easy service scored point after

point.

Pairing in the semi-final round of the

national doubles here tomorrow will

bring together south (Nate Emerson and

Law Hardy of Memphis) and Pacific

coast (Maurice McLoughlin and Ward

Dawson, Los Angeles) in one frame and

in the Church and Byford, while his

Davis, San Francisco) and west (Walter

Hayes and Ralph Burdick, Chicago), will

play.

The southern pair won in a thrilling

five-set match in the opening of the

national series, 4-6, 4-6, 6-1, 6-4, 6-4. It

was a case too many errors on the

part of Trafford Jayne, paired with

Steford Stollwagen, Minneapolis, as hold-

ers of the northwest title. Nate Em-

erson's placing won many points for the

south.

SOUTHERN ASSOCIATION.

Memphis 7-2, Mobile 1-1.

Memphis, Aug. 15.—Hatch Byford hit both

Cavett and Ledbetter freely today and

defeated Mobile in both games, 7 to 1

and 2 to 1.

First game—

R. H. E.

Mobile 000 010 000—1 7 3

Memphis 012 003 017—7 10 1

Cavett and Dempsey, Willett and 3B.

Second game—

R. H. E.

Mobile 100 000 0—1 4 2

Memphis 011 000 0—2 7 1

Ledbetter, Kerr; Davis and Ruel.

(Seven innings by agreement).

Atlanta 6, Nashville 0.

Nashville, Aug. 15.—Day held Nashville

to three hits and Atlanta won 6 to 0.

Score—

CHINESE MONARCHIST'S TRIAL HAS BEEN ORDERED BY NEW PRESIDENT

Chow Tzu-Chi, China's ex-minister of finance.

Chow Tzu-Chi, for several years minister of agriculture and commerce and finance under the late Yuan Shai Kai, has been listed with other monarchists to be punished by the new president and will be put on trial if he can be brought within reach of Chinese jurisdiction.

THEATRES

HIPPODROME.

"The Devil's Needle."

The new Triangle film starring beautiful Norma Talmadge and Tully Marshall, "The Devil's Needle," will show at the Hippodrome today and tomorrow. A theme as old as the world and one that has been attempted in story,

stage plays, and pictures again and again has been taken up by a capable Triangle director with these stars and a cast of excellence and ability, and the result is a production new from every angle, intensely interesting, pointing a strong moral, constructive, and absorbingly entertaining. Tully Marshall will be remembered for his many comedy parts in Triangle films, such as the lover in "Let Kitty Do It," the man who won the medal at the county fair for being the ugliest man. But those who see Mr. Marshall in this picture will realize that comedy cannot claim him exclusively; he gives a fine, convincing portrayal of the talented artist suffering from the effects of the "dope" habit. Miss Talmadge as the model also addicted to the drug is given a delightful role, and there is little need for the public to be told that she handles it in a way that is equally delightful. The cast of the picture is excellent throughout, being selected with unusual care.

The artist, talented and respected, is induced by his model to take a morphine injection, "just for fun," and again and again he tries the experiment because it seems to give him strength and spirit to work longer and better. The drug habit becomes slowly fixed, but in the meantime he has married the daughter of a wealthy business man. The model also is a victim of the habit, and when she sees the sorrow and sure trouble which is coming to the artist, she takes a novel and effective way of curing him and herself. The plot cannot be told in a mere synopsis; the film must be seen to be appreciated.

AT THE ORPHEUM.

Today Last Day—Thomas Dixon's Preparedness Film Is Thrilling.

It is the skillful blending of thrills, laughter and some touches of pathos, though the latter element is small in proportion to the other two, "The Fall of a Nation" manifests the ingenuity of its author and producer, Thomas Dixon.

"The Fall of a Nation" shows us America invaded by a vast and efficient foreign army. Its propaganda is preparedness and its great mission, we believe, is to entertain, to thrill. If he deserves praise for nothing else, and surely he does, the author and producer of "The Fall of a Nation" should be highly recommended for giving us a film of the propaganda type

At the Nickel

Francis X. Bushman all the way today.

that is entertaining. "The Fall of a Nation" holds one's attention all the time.

"The Fall of a Nation" is entirely worthy of being classed with the greatest contributions of all classes to preparedness program. This it does by showing just what we of the United States could expect were these shores invaded when the military affairs of the country are in their present condition.

The mother whose son and husband are killed by the mighty and brutal enemy finds small consolation in the high-minded utterances from the peace-at-any-price advocates and so, too, do all the characters in the story who oppose preparedness before the play comes to an end. But much more strength than the story is the production. That is, if the story is to be considered in all its serious phases.

QUEEN.

"The Little Dutch Girl."

World Film corporation presents the five-part photoplay, "The Little Dutch Girl," based upon a novel by the late Mille de Ramee.

Vivian Martin, in the character of the little Dutch girl, has a part well suited to her dainty personality and style of acting; she has a screen career from infancy to girlhood full of beauty, charm, pathos and tragedy. The picture, which has the advantage of most beautiful settings, delightful costuming and clever characterization, has a fine cast to support the star, including Dorothy Fairchild, Julia Stuart, Chester Barnett and John Bowers.

"The Little Dutch Girl" will be shown at the Queen tomorrow.

NICKEL THEATRE.

Francis X. Bushman in "The Three Scratch Clue."

Bushman all the way in thirty minutes of very exciting love and detective work—that's "The Three Scratch Clue" showing at the Nickel today only. Also a Ham comedy, "Good Evening, Judge"—sounds funny—and the greatest news film, the Selig—a program picked to please you.

Very interesting the announcement that Mary Pickford, in "The Mender of Nets," will be shown Saturday at the Nickel. It's mighty fine for grown-ups, great for children—Mary in pictures that made her famous. Those are the short subjects that will be shown at the Nickel, one every once in a while, to please you.

CHURCH DEFENDS WESTERN TROPHY

Lake Forest, Ill., Aug. 15.—Success Church of Tenafly, New Jersey, successfully defended his holding of the western tennis bowl here today by smashing a straight set victory over Heath Ryford of Chicago, the challenger, 6-4, 6-0, 6-1.

It was a sweeping victory for the easterner. He had a driving service that Ryford could not handle well, while his terrific on terrific drives from the challenger's easy service scored point after point.

Bating in the semi-final round of the national doubles here tomorrow will bring together south (Nate Emerson and Lee Harris of Memphis) and Pacific coast (Maurice McLoughlin and Ward Dawson, Los Angeles) in one frame and in the other east (Church and Willis Davis, San Francisco) and west (Walter Hayes and Ralph Burdick, Chicago), will play.

The southern pair won in a thrilling five-set match in the opening of the national series, 4-6, 4-6, 6-1, 6-4, 6-4. It was a case of too many errors on the part of Trafford Jayne, paired with Selma Stollwagen, Minneapolis, as holders of the northwest title. Nate Emerson's placing won many points for the south.

SOUTHERN ASSOCIATION.

Memphis 7-2, Mobile 1-1.
Memphis, Aug. 15.—Memphis hit both Cavet and Ledbetter freely today and defeated Mobile in both games, 7 to 1 and 2 to 1.

First game—R. H. E.
Mobile.....000 010 000—1 7 3
Memphis.....012 000 010—10 10 1

Cavet and Dempsey, Willet and Ruel.
Second game—R. H. E.
Mobile.....100 000 0—1 4 2
Memphis.....011 000 0—3 7 1

Ledbetter and Dempsey; Kerr and Ruel. (Seven innings by agreement).

Atlanta 6, Nashville 0.

Nashville, Aug. 15.—Day held Nashville to three hits and Atlanta won 6 to 0.

Score—R. H. E.
Atlanta.....000 301 020—6 9 0
Nashville.....000 000 000—0 3 0

Day and Perkins; Ellis and Street.

Chattanooga 6-3, Elmhurst 1-5.
Chattanooga, Aug. 15.—Chattanooga and Birmingham divided honors today, Chattanooga winning the first 6 to 1 and Birmingham the second 5 to 3.

First game—R. H. E.
Birmingham.....000 100 0—1 8 1
Chattanooga.....021 210 0—6 10 0

Grimes and Eichen and Hauser; Marshall, Knowlton and Kitchens.

Second game—R. H. E.
Birmingham.....300 002 0—5 10 0
Chattanooga.....003 000 0—3 7 1

Ponder and Hauser; Knowlton, Merritt, Marshall and Peters.

New Orleans 5-3, Little Rock 1-1.
Little Rock, Ark., Aug. 15.—Little Rock batters were unable to hit today and New Orleans won both games, 5 to 1 and 3 to 1.

First game—R. H. E.
New Orleans.....000 000 041—5 8 1
Little Rock.....000 000 001—1 11 2

Townsend and Higgins; Holmquist and Gibson.

Second game—R. H. E.
New Orleans.....001 101 0—3 8 2
Little Rock.....000 000 0—1 4 0

Walker and Deitery; Brooks and Gibson.

The Worst Possible.
Jones (to his grocer)—"You seem angry, Mr. Brown."
Brown—"I am. The inspector of weights and measures has just been in."
Jones—"Ha, ha! He caught you giving fifteen ounces to the pound, did he?"
Brown—"Worse than that. He said I'd been giving seventeen."—Tit-Bits.

CHINESE MONARCHIST'S TRIAL HAS BEEN ORDERED BY NEW PRESIDENT

Chow Tzu-Chi, China's ex-minister of finance.

Chow Tzu-Chi, for several years minister of agriculture and commerce and finance under the late Yuan Shai Kai, has been listed with other monarchists to be punished by the new president and will be put on trial if he can be brought within reach of Chinese jurisdiction.

THEATRES

HIPPODROME.

"The Devil's Needle."

The new Triangle film starring beautiful Norma Talmadge and Tully Marshall, "The Devil's Needle," will show at the Hippodrome today and tomorrow. A theme as old as the world and one that has been attempted in story,

stage plays, and pictures again and again has been taken up by a capable "Triangle director with these stars and a cast of excellence and ability, and the result is a production new from every angle, intensely interesting, pointing a strong moral, constructive, and absorbingly entertaining. Tully Marshall will be remembered for his many comedy parts in Triangle films, such as the lover in "Let Katy Do It," the man who won the medal at the county fair for being the ugliest man.

But those who see Mr. Marshall in this picture will realize that comedy cannot claim him exclusively; he gives a fine, convincing portrayal of the talented artist suffering from the effects of the "dope" habit. Miss Talmadge as the model also addicted to the drug is given a delightful role, and there is little need for the public to be told that she handles it in a way that is equally delightful. The cast of the picture is excellent throughout, being selected with unusual care.

The artist, talented and respected, is induced by his model to take a morphine injection, "just for fun," and again and again he tries the experiment because it seems to give him strength and spirit to work longer and better. The drug habit becomes slowly fixed, but in the meantime he has married the daughter of a wealthy business man. The model also is a victim of the habit, and when she sees the sorrow and sure trouble which is coming to the artist, she takes a novel and effective way of curing him and herself. The plot cannot be told in a mere synopsis; the film must be seen to be appreciated.

AT THE ORPHEUM.

Today Last Day—Thomas Dixon's Preparedness Film Is Thrilling.

It is the skillful blending of thrills, laughter and some touches of pathos, though the latter element is small in proportion to the other two, "The Fall of a Nation" manifests the ingenuity of its author and producer, Thomas Dixon.

"The Fall of a Nation" shows us America invaded by a vast and efficient foreign army. Its propaganda is preparedness and its great mission, we believe, is to entertain, to thrill. If he deserves praise for nothing else, and surely he does, the author and producer of "The Fall of a Nation" should be highly recommended for giving us a film of the propaganda type

At the Nickel

Francis X. Bushman all the way today.

that is entertaining. "The Fall of a Nation" holds one's attention all the time.

"The Fall of a Nation" is entirely worthy of being classed with the greatest contributions of all classes to preparedness program. This it does by showing just what we of the United States could expect were these shores invaded when the military affairs of the country are in their present condition.

The mother whose son and husband are killed by the mighty and brutal enemy finds small consolation in the high-minded utterances from the peace-at-any-price advocates and so, too, do all the characters in the story who oppose preparedness before the play comes to an end. But much more strength than the story is the production. That is, if the story is to be considered in all its serious phases.

QUEEN.

"The Little Dutch Girl."

World Film corporation presents the five-part photoplay, "The Little Dutch Girl," based upon a novel by the late Mille, de Ramee.

Vivian Martin, in the character of the little Dutch girl, has a part well suited to her dainty personality and style of acting; she has a screen career from infancy to girlhood full of beauty, charm, pathos and tragedy.

The picture which has the advantage of most beautiful settings, delightful costuming and clever characterization, has a fine cast to support the star, including Dorothy Fairchild, Julia Stuart, Chester Barnett and John Bowers.

"The Little Dutch Girl" will be shown at the Queen tomorrow.

NICKEL THEATRE.

Francis X. Bushman in "The Three Scratch Clue."

Bushman all the way in thirty minutes of very exciting love and detective work—that's "The Three Scratch Clue" showing at the Nickel today only. Also a Ham comedy, "God's Own Judge"—sounds funny—and the greatest news film, the Selig—a program picked to please you.

Very interesting the announcement that Mary Pickford, in "The Mender of Nets," will be shown Saturday at the Nickel. It's mighty fine for grown-ups, great for children—Mary in pictures that made her famous. Those are the short subjects that will be shown at the Nickel, one every once in a while, to please you.

TODAY

SATURDAY

Mary Pickford.

NICKEL

Announcement

TO

Telephone Patrons

We will complete the consolidation of Waco's telephone exchanges next Saturday night, August 19th, by "cutting over" the local telephones of the Southwestern system in Waco.

When this is done all telephones will be on one exchange; there will be no more "trunking" from one exchange to another; the service will be much faster and will be improved in every way.

We announce our plans for the purpose of explaining the new telephone directory, which we began to distribute Monday morning. This consolidated directory, of 85 pages, containing more than 6,500 names, will be distributed to ALL telephone subscribers by Wednesday night or Thursday noon. Please note, however, that it is NOT to be used until the final "cut over" is made.

On the front cover of each book is stamped: "Do not use this directory until notified through the newspapers." Please note that although your new book will be DELIVERED to you at once, it is NOT to be used until the "cut over" is made Saturday night, and announcement of the exact hour it will become effective will be made in the newspapers later in the week.

Please Note:

After the "cutover," LOOK UP THE NUMBERS—do not call the old number until you KNOW it is correct. BE SURE! Some numbers will be different after the consolidation—look up the number of the telephone you want, and avoid "wrong number" calls.

Our inability to obtain the apparatus and equipment we purchased and contracted for MORE THAN A YEAR AGO has delayed this consolidation. The inability of manufacturers of electrical equipment to secure raw material that had to be imported from Europe, has made it impossible for them to deliver equipment on time. The state of market has been such that it is practically impossible for a manufacturer to guarantee delivery on electrical apparatus. However, we have—at last—ALL the equipment necessary for the new exchange, and the last of it was received Saturday, and is now being installed.

The service will be much improved after the final "cutover." In the meantime, we will appreciate it if all those who have trouble with their telephone will notify us as PROMPTLY AS POSSIBLE. We are clearing practically all "plant trouble" cases every day; notify us promptly, so that we can give you prompt attention; we will appreciate it.

Remember: DO NOT use the new directory until notified through the daily newspapers.

MARKET REPORT

COTTON

New York.

New York, Aug. 15.—Early nervousness and irregularities were followed by a sharp advance in the cotton market today with December selling up from 14.27 to 14.44 in the late trading and closing at 14.42. The general list closed very steady at a net advance of 11 to 15 points for the day.

The market opened steady at an advance of 4 to 8 points in response to relatively firm cables. Census figures placing domestic consumption at 11,000,000 bales for the month of July at 48,933 bales of the cotton, against 49,814 last year, appeared to be disappointment to some of the local bulls. Prices soon turned easier under a renewal of the selling movement. October contracts slipped off from 14.18 to 14.08, or even with last night's closing figures, while January sold down from 14.46 to 14.36, and more active positions generally showed net losses.

From 2 to 3 points during the middle of the morning. Prices later firmed up on reports that trading had been among the best buyers. Reports that it was raining at Houston checked the advance during the middle of the afternoon and caused slight reactions. In the late trading, however, October sold up at 14.42 and January at 14.42, or about 13 to 15 points higher. Continued dry weather and high temperatures in Oklahoma and reports of a dry spell in the low point of the morning while the late buying was probably stimulated by the reports

LEGAL NOTICES.

TRUSTEE'S NOTICE OF SALE.
THE STATE OF TEXAS, County of McLennan, do hereby give notice that on the 19th day of August, 1916, at 10 o'clock a. m., J. O. Beckley executed and delivered to J. A. Freeman a certain deed of trust upon the property hereinafter described to secure the payment of one certain promissory note for the sum of Three Hundred and Five Dollars (\$305.00), which note is due and payable on the 1st day of April 1917, and providing for ten per cent (10 per cent) interest from date (10 per cent) interest from date and date of maturity.

Whereas, the said note is now long

past due and unpaid, and the amount due thereon, including interest, is now due and unpaid, and the said N. B. Williams has requested by the said Freeman to execute the trust in said deed of trust imposed upon him, and the said N. B. Williams has refused by an instrument in writing; and

Whereas, I, G. H. Penland, have been

appointed substitute trustee, and the beneficiary in said deed of trust has requested and demanded of me to perform the duties required of me in certain events of said deed of trust named;

Now, therefore, I, G. H. Penland, substitute

trustee, do hereby give notice that on the 19th day of August, 1916, at 10 o'clock a. m., and four o'clock p. m., I will sell at public auction to the highest bidder, on the first Tuesday in September, 1916, the same being the 5th day of said month, the following described property, to-wit: A certain lot in Block Twenty-one (21) of Baylor addition to the city of Waco, McLennan county, Texas, the property hereinafter described.

I witness my hand this first day of

August, 1916. G. H. PENLAND, Substitute Trustee.

MARKET REPORT

COTTON

New York.

New York, Aug. 15.—Cotton futures and irregularities were followed by rather a sharp advance in the cotton market today with December selling up from 14.37 to 14.43 in the early trading and closing at 14.42. The general list followed very steady at a net advance of 11 to 15 points for the day.

The market opened steady at an

advance of 4 to 8 points in response to relatively firm cotton. Census figures placing domestic mill consumption for the month of July at 48,933 bales of line cotton, against 49,616 last year, appeared to be a disappointment to some of the local bulls. Prices soon turned easier under a renewal of the selling movement. Cotton contracts eased off from 14.18 to 14.08, or even with last night's closing figures, while January sold down from 14.46 to 14.36, and active positions generally showed net losses of from 2 to 3 points during the middle of the morning. Prices later, however, were again higher. Interests had been among the best buyers. Reports that it was raining at Houston checked the afternoon trading, however, October sold up to 14.16 to 14.18, and the market was again higher. Continued dry weather and high temperatures in Oklahoma and the northwestern fields helped the rally from the low level of the morning while the late buying was probably stimulated by reports that the disturbance in the Caribbean had developed unfavorably and was moving toward the Gulf.

New Orleans.

New Orleans, Aug. 15.—Small losses and moderate gains featured the trading in cotton on this market today, neither bulls nor bears carrying operations very far. Late in the session the market again showed steady, apparently as the result of a covering movement among shorts who feared the movements on the tropical market reported by the weather bureau southeast of Jamaica. The close was at a net gain of 10 to 11 points.

WANTED—To buy hogs and shoats.

W. W. ROBERTSON

Formerly of Houston and San Antonio, Now With The Exclusive Optical Store—To Manage The Lens Grinding Department for Dr. Georgia.

Less than three months ago Dr. W. R. Georgia opened for the people of Waco and Central Texas one of the most complete and best equipped optical establishments to be found in the entire southwest. That the people of this section appreciate his efforts is shown by the way in which they are patronizing this new concern.

His business has increased so rapidly that it has become necessary to employ an expert to take charge of the mechanical end of the work. And Dr. Georgia is congratulating himself on having been able to secure the services of W. W. Robertson, who is one of the best known men in his line in the state of Texas. He served as manager three years for the Chas. H. Reese Optical company of San Antonio and ten years with the Houston Optical company of Houston.

Mr. Robertson hereafter will have full charge of the lens grinding and mechanical department of the exclusive optical store, located at 625 Austin street. Dr. Georgia will devote all of his time making examinations and otherwise looking after the interest of his patients.

WACO DELEGATION LEAVES FOR STATE GOOD ROADS MEET

JUDGE DENTON, COUNTY COMMISSIONERS AND ENGINEER WILL ADVERTISE COTTON PALACE AND HOLLER FOR SLICE OF FEDERAL GOOD ROADS APPROPRIATION.

The McLennan delegation bound for the Good Roads congress, which meets at San Antonio Thursday, Friday and Saturday of this week, leaves today. Judge George N. Denton and R. J. Windrow leave at an early hour, going to Austin for a short stay, and from there to San Antonio. The commissioners with Dr. R. J. Ferrell and others representing the Y. M. B. L. and other organizations of Waco leave here about 1 o'clock this afternoon.

County Engineer R. J. Windrow in speaking of the congress says a good deal will be done toward the distribution of the federal appropriation for roads, yet no definite action can be taken until the state gets in line for the help. The object of the meeting is to give momentum to the good roads movement now sweeping the country. Before Texas can secure her portion of the \$85,000,000 appropriation she must pass a law by the next legislature creating a state highway department, which will supervise the distribution of the money that shall be apportioned Texas for her system of national highways.

M'LENNAN MAY GET FEDERAL HELP.

Since Waco is the place of crossing of two of these national highways, and each of these roads needs some financial assistance, it is possible and highly probable that McLennan county will share in the appropriation, provided she lets her wants and needs be known. One of McLennan county's highways, which is a link in the national system, comes in from Fort Worth through Cleburne, Glen Rose, Walnut Springs and Meridian, leaving Waco, this road goes through Marlin, Bryan, Houston and on to Galveston. Engineer Windrow says this road on either side of Waco needs some financial assistance very badly, and may be secured from the federal fund with the proper effort. This piece of road is between the Bosque bridge and the county line on the China Springs road, which is a distance of about twelve miles. The stretch between Waco and Marlin needs improvement for about seven miles, which is between Tehuacana creek and the county line.

The second national highway that traverses McLennan county comes in from Dallas through Hillsboro and goes to Laredo via Temple, Taylor, Austin and San Antonio. This road is in first-class condition from Waco to the Hill county line, but is worthy of a good deal of improvement on the Temple side in the vicinity of Eddy and Bruceville for some six miles.

TEXAS WILL RECEIVE ABOUT \$5,000,000.

Texas will receive aid from the federal appropriation of \$85,000,000 in five installments, provided she complies with the provisions in establishing a highway department, which department will look after the roads of the state and provide for their maintenance. Upon the fulfillment of the specified conditions, Texas may then be entitled to about \$5,000,000 in the next five years. The first year, which is next year, according to the calendar of appropriation, the state will receive a little more than \$1,000,000; in 1918, \$600,000; in 1919, \$900,000; in 1920, \$1,200,000; in 1921, \$1,500,000, thus making a total of approximately \$5,000,000.

The McLennan county delegation expects to meet a large number of co-operative workers from Marlin and other places that will be interested in the movement for good roads.

The name of County Engineer R. J. Windrow appears on the program under the subject of "The Organization of a County Highway Department."

The good roads boosters will also take along some information concerning the Waco Cotton Palace.

Review of Case of Alex Johnson

Mention was made yesterday of the granting of a pardon by Governor James E. Ferguson to Alex Johnson, who was confined in the penitentiary on conviction of second degree murder. Johnson was convicted in the fourth district court at Waco on October 2, 1912, of second degree murder, and his punishment was fixed at five years in the penitentiary. He had served out over half his time when the pardon came. Johnson was connected with the Waco Machinery & Supply company at the time of the tragedy which took him to the penitentiary, but between that time and the date of his conviction was in the real estate business here.

A. P. Duncan, president of the Waco Machinery & Supply company, was shot by Alex Johnson on the morning of March 18, 1912, but intimated that he would make a favorable report after Johnson had served half of the sentence given him.

According to Mr. Williams, the previous board of pardons recommended that Mr. Johnson be pardoned soon after he was taken to the penitentiary. The present board of pardons, Mr. Williams says acted adversely on the application to pardon Johnson, and eight months ago, but intimated that they would make a favorable report after Johnson had served half of the sentence given him.

Cockroaches SHOULD BE KILLED

KATY EMPLOYEES VOTE HOSPITAL LOCATION

All employees of the Katy railroad have been asked to vote their choice as to the location of the proposed hospital of the Texas Katy Employees' Hospital association, and this expression is now being secured.

Cards have been sent out by the president of the association, T. A. Murphy of Denison, and the employees are asked to write the name of the place where they want the hospital located. This matter of locating the hospital has been up for several weeks, and the prize is considered to be one of the biggest which could be secured, and one which will bring immense returns to the city securing this hospital.

The understanding is that the vote will be taken all over the Katy lines in Texas, and that after this shall have been done, the residence of the locating committee will get busy, and something definite will develop regarding the matter. It is believed that Waco has excellent chances of securing the hospital.

J. K. Rose Says Business Outlook Is Encouraging One

Asked regarding the conditions in a business way, and the outlook for the future, J. K. Rose, president of the Provident National bank, said yesterday:

It appears to me that the outlook is excellent, and that we ought to enjoy a good business all over this section within a reasonable time. Farmers have economized with unusual rigidity, the result being that they are in better condition than they were one and two years ago. We need a little rain just now, but even without any rain whatever, they will make much better crops than last year. Prices for agricultural products are away up, and much money will be brought to this section by the sale of these crops. The people generally have been careful and have conserved their resources, and it would seem that good times are now well on their way towards this state once more."

Advisory Board of Waco Rate Men Had Meet Yesterday

At a meeting of the rate men in the employ of members of the Chamber of Commerce, held yesterday afternoon in the rooms in the Amicable building, presided over by Traffic Commissioner H. D. Driscoll, there was discussion of various matters of interest to the shippers of the city, and this first gathering of the advisory committee was well attended.

It is proposed to hold these meetings once each month, when there will be discussion of any matters of importance or interest to shippers. The meetings are expected to develop and make more useful the traffic department of the Chamber of Commerce.

Traffic Manager H. D. Driscoll has just returned from Galveston and Houston, where he went to look after some rate propositions. He is pushing the work which has been assigned to him, and all indications are that he will soon have the department in excellent condition and that it will be worth much to the business men of the city.

The Welworth Blouse,

A Companion of the Wirthmor that always sells at \$2.00 and that can only be bought in the "Wirthmor" Stores.

There's value added to good value in every Welworth Blouse. They are credited everywhere as being the very best Blouse that \$2 can possibly buy.

Any woman who wants to spend \$2.00 or thereabouts for a Blouse—would come here and buy a Welworth if she knew how good they really were. As it is, a great many women do know—and they're coming here repeatedly—more of them every week. They wouldn't go elsewhere, for if they did—they know Blouses of the same character would cost considerably more. We just want you to familiarize yourself with the Welworth; thereafter we're sure you'll buy them.

New Welworth Blouses on Sale Today.

Assembling Material for Work on New Robinson School Bldg.

The assembling of material for construction of the beautiful new brick school building at Robinson, on two acres of ground bought from Wesley Mann, began yesterday, and Contractor Homer Almsworth will take active control of the situation and push things along as fast as possible, the idea being to have the school ready for opening the fall term at Robinson if possible.

The new location of the school is considered to be one of the prettiest and most suitable in Robinson, and the building will be a handsome two-story brick, which will show up nicely in its two-acre tract.

Bonds were voted by the Robinson school precinct for the construction of this building, and plans were made by Roy E. Lane & Co., of Waco.

Farmers' Meet to Be Held Later

A new date will be arranged for the Farmers' institute, which was to have been held here last week, as E. R. Kone, former commissioner of agriculture, there having been some misunderstanding regarding the date of his visit here, which resulted in failure to prepare for the gathering.

A conference was yesterday held with Mr. Kone by Secretary E. F.

Drake of the Chamber of Commerce, and it was decided that Mr. Kone should return at a later date, this date to be announced in time so that business men and farmers may come to the meeting and hear what is said. These meetings are designed for both farmers and business men.

Millinery Shows Snap and Beauty

New fall goods in the latest styles are arriving daily at the Famous, according to the management of the store. Miss Hermerson, head of the millinery department, says she has made large purchases for the department, anticipating a heavy fall business.

Miss Hermerson says the new styles are designed with more snap and beauty than in any recent season. Judging by the early arrivals, the prices are remarkably low this year, says the head of the department.

WACO DELEGATION LEAVES FOR STATE GOOD ROADS MEET

JUDGE DENTON, COUNTY COMMISSIONERS AND ENGINEER WILL ADVISE COTTON PALACE AND HOLLER FOR SLICE OF FEDERAL GOOD ROADS APPROPRIATION.

The McLennan delegation bound for the Good Roads congress, which meets at San Antonio Thursday, Friday and Saturday of this week, leaves today. Judge George N. Denton and R. J. Windrow leave at an early hour, going to Austin for a short stay, and from there to San Antonio. The commissioners with Dr. R. J. Ferrell and others representing the Y. M. B. L. and other organizations of Waco leave here about 1 o'clock this afternoon.

County Engineer R. J. Windrow in speaking of the congress says a good deal will be done toward the distribution of the federal appropriation for roads, yet no definite action can be taken until the state gets in line for the help. The object of the meeting is to give momentum to the good roads movement now sweeping the country. Before Texas can secure her portion of the \$55,000,000 appropriation, she must pass a law by the next legislature creating a state highway department, which will supervise the distribution of the money that shall be apportioned Texas for her system of national highways.

McLENNAN MAY GET FEDERAL HELP.

Since Waco is the place of crossing of two of these national highways and each of these roads needs some financial assistance, it is possible and highly probable that McLennan county will share in the appropriation, provided she lets her wants and needs be known. One of McLennan county's highways, which is a link in the national system, comes in from Fort Worth through Cleburne, Glen Rose, Walnut Springs and Meridian, leaving Waco, this road goes through Marlin, Bryan, Houston and on to Galveston. Engineer Windrow says this road on either side of Waco needs some financial assistance very badly, and must be secured from the federal fund with the proper effort. This piece of road is between the Bosque bridge and the county line on the China Springs road, which is a distance of about twelve miles. The stretch between Waco and Marlin needs improvement for about seven miles, which is between Tehuacana creek and the county line.

The second national highway that traverses McLennan county comes in from Dallas through Hillsboro and goes to Laredo via Temple, Taylor, Austin and San Antonio. This road is in first-class condition from Waco to the Hill county line, but is worthy of a good deal of improvement on the Temple side in the vicinity of Eddy and Bruceville for some six miles.

TEXAS WILL RECEIVE ABOUT \$5,000,000.

Texas will receive aid from the federal appropriation of \$55,000,000 in five installments, provided she complies with the provisions in establishing a highway department, which department will look after the roads of the state and provide for their maintenance. Upon the fulfillment of the specified conditions, Texas may then be entitled to about \$5,000,000 in the next five years. The first year, which is next year, according to the calendar of appropriation, the state will receive a little more than \$500,000; in 1918, \$600,000; in 1919, \$800,000; in 1920, \$1,200,000; in 1921, \$1,500,000, thus making a total of approximately \$5,000,000.

The McLennan county delegation expects to meet a large number of cooperative workers from Marlin and other places that will be interested in the movement for good roads. The name of County Engineer R. J. Windrow appears on the program under the subject of "The Organization of a County Highway Department."

The good roads boosters will also take along some information concerning the Waco Cotton Palace.

Review of Case of Alex Johnson

Mention was made yesterday of the granting of a pardon by Governor James E. Ferguson to Alex Johnson, who was confined in the penitentiary on conviction of a murder. Johnson was convicted in the Fifty-fourth district court at Waco on October 2, 1912, of second degree murder, and his punishment was fixed at five years in the penitentiary. He had served over half his time when the pardon came. Johnson was connected with the Waco Machinery & Supply company at the time of the tragedy which took him to the penitentiary, but between that time and the date of his conviction was in the real estate business here.

A. P. Duncan, president of the Waco Machinery & Supply company, was shot by Alex Johnson on the morning of March 18, 1912, and died the following day. Johnson surrendered immediately after the shooting, which resulted from a quarrel between the two men as to business affairs. The tragedy occurred in Mr. Duncan's office, the Waco Machinery & Supply company being at that time located on Franklin, near Seventh.

According to Mr. Williams, the previous board of pardons recommended that Mr. Johnson be pardoned soon after he was taken to the penitentiary. The present board of pardons, Mr. Williams says, acted adversely on the application to pardon Johnson six or eight months ago, but intimated that they would make a favorable report after Johnson had served half of the sentence given him.

KATY EMPLOYEES VOTE HOSPITAL LOCATION

All employees of the Katy railroad have been asked to vote their choice as to the location of the proposed hospital of the Texas Katy Employees' Hospital association, and this expression is now being secured.

Cards have been sent out by the president of the association, T. A. Murray of Denton, and the employees are asked to write the name of the place where they want the hospital located. This matter of locating the hospital has been up for several weeks, and the prize is considered to be one of the biggest which could be secured, and one which will bring immense returns to the city securing this hospital.

The understanding is that the vote will be taken all over the Katy lines in Texas, and that after this shall have been done, the votes will be counted, the locating committee will get busy, and something definite will develop regarding the matter. It is believed that Waco has excellent chances of securing the hospital.

J. K. Rose Says Business Outlook Is Encouraging One

Asked regarding the conditions in a business way, and the outlook for the future, J. K. Rose, president of the Provident National bank, said yesterday:

It appears to me that the outlook is excellent, and that we ought to enjoy a good business all over this section within a reasonable time. Farmers have economized with unusual rigidity, the result being that they are in better condition than they were one or two years ago. We need a little rain, but even without any rain whatever, we will make much better crops than last year. Prices for agricultural products are away up, and much money will be brought to this section by the sale of these crops. The people generally have been careful and have conserved their resources, and it would seem that good times are now well on their way towards this state once more.

Advisory Board of Waco Rate Men Had Meet Yesterday

At a meeting of the rate men in the employ of members of the Chamber of Commerce, held yesterday afternoon in the rooms in the Amicable building, presided over by Traffic Commissioner H. D. Driscoll, there was discussion of various matters of interest to the shippers of the city, and this first gathering of the advisory committee was well attended.

It is proposed to hold these meetings once each month, when there will be discussion of any matters of importance or interest to shippers. The meetings are expected to develop and make more useful the traffic department of the Chamber of Commerce.

Traffic Manager H. D. Driscoll has just returned from Galveston and Houston, where he went to look after some rate propositions. He is pushing the work which has been assigned to him, and all indications are that he will soon have the department in excellent condition and that it will be worth much to the business men of the city.

Waco Reassured of Ample Supply of Gas for Present

E. J. Anderson, superintendent of the Texas Gas company, with headquarters at Mexia, was in the city yesterday on a business mission in connection with his company. He was in conference with representatives of the company from other points.

In view of the threatened shortage of gas now confronting Fort Worth and Dallas, a News representative asked Mr. Anderson if his company contemplated a shortage for Waco, or if the Texas Gas company had planned a reduction of the supply for any purpose that would affect the city of Waco. Mr. Anderson said he knew of no plans to that effect, and added that his company was now connecting up some new wells with the system that furnishes Waco and this section of the state.

Servants' House and Contents Burn

The servants' house at the residence of Ed. McCullough, 1108 North Eighteenth street, corner of Ethel, burned yesterday afternoon at 1:45 o'clock, the cook who occupied the building losing her belongings.

Although the servants' house was entirely consumed, the residence of Mr. McCullough was not damaged much. It is not known how the fire originated. The fire department reached the scene of the fire in a short time and it was their work which prevented the flames from reaching the residence of Mr. McCullough.

Government Crop Estimator Was Here

W. L. Pryor of Laurel, Miss., of the bureau of crop estimates of the United States department of agriculture, spent yesterday in this city and section.

Mr. Pryor, who has a very large territory under his jurisdiction, is looking over the situation every where he goes and getting reliable data regarding the crop outlook, especially as to cotton, and his findings will form a part of the basis on which the government will make up its figures. The position held by Mr. Pryor is one which necessitates a great deal of travel.

Experts do our Dry Cleaning and Pressing, and our plant is known for its "service unsurpassed." Bruck & Bruck, owners of McGuire's, New phone 2626—Adv.

The Welworth Blouse,

A Companion of the Wirthmor that always sells at \$2.00

and that can only be bought in the "Wirthmor" Stores.

There's value added to good value in every Welworth Blouse. They are credited everywhere as being the very best Blouse that \$2 can possibly buy.

Any woman who wants to spend \$2.00 or thereabouts for a Blouse—would come here and buy a Welworth if she knew how good they really were. As it is, a great many women do know—and they're coming here repeatedly—more of them every week. They wouldn't go elsewhere, for if they did—they know Blouses of the same character would cost considerably more. We just want you to familiarize yourself with the Welworth; thereafter we're sure you'll buy them.

New Welworth Blouses on Sale Today.

Assembling Material for Work on New Robinson School Bldg.

The assembling of material for construction of the beautiful new brick school building at Robinson, on two acres of ground bought from Wesley Mann, began yesterday, and Contractor Homer Almsworth will take active control of the situation and push things along as fast as possible, the idea being to have the school ready for opening the fall term at Robinson if possible.

The new location of the school is considered to be one of the prettiest and most suitable in Robinson, and the building will be a handsome two-story brick, which will show up nicely in its two-acre tract.

Bonds were voted by the Robinson school precinct for the construction of this building, and plans were made by Roy E. Lane & Co., of Waco.

Farmers' Meet to Be Held Later

A new date will be arranged for the Farmers' institute, which was to have been held here by Hon. E. R. Kone, former commissioner of agriculture, there having been some misunderstanding regarding the date of his visit here, which resulted in failure to prepare for the gathering.

A conference was yesterday held with Mr. Kone by Secretary E. F.

Drake of the Chamber of Commerce, and it was decided that Mr. Kone should return at a later date, this date to be announced in time so that business men and farmers may come to the meeting and hear what is said. These meetings are designed for both farmers and business men.

The schedule was announced by the state department without consulting with Waco parties, and this was how the little hitch occurred.

Millinery Shows Snap and Beauty

New fall goods in the latest styles are arriving daily at the famous, according to the management of the store, Miss Hermerson, head of the millinery department, says she has made large purchases for the department, anticipating a heavy fall business.

Miss Hermerson says the new styles are designed with more snap and beauty than in any recent season. Judging by the early arrivals, the prices are remarkably low this year, says the head of the department.
